**STRONG OPPOSITION  
BLOCKS MOVEMENT****Plan To Give City Property To Plover  
Strikes Obstacles—Paper Mill  
Road Favored**

Stevens Point people don't want the city to tighten its "belt" and the town of Plover doesn't want any of the city's real estate, if the sentiment expressed at a meeting held at the McKinley school Tuesday evening can be taken as representative.

The meeting was called by Alderman R. S. Sparks, who acted as chairman, and about sixty men, most of whom are residents or taxpayers in the Sixth ward, were in attendance. At the close a motion was put by ex-Alderman Frank King instructing the two Sixth ward aldermen to vote against any action in the common council to detach from the ward any of its taxable property. The motion was carried without a dissenting vote.

Notwithstanding that the plan to present the town of Plover with about 640 acres of land was given the "cold shoulder," there was unmistakable evidence that the meeting was fully in accord with the claim of the Whiting-Plover Paper Co. and the Wisconsin River Paper & Pulp Co. that they are entitled to a good road from the city to their properties. The dispute is on the question of how to proceed.

E. B. Robertson was the first speaker called upon and presented arguments tending to show that the proposition advanced is not only practicable but fair. The city, he pointed out, would be giving away a section that is largely farm lands and never should have been included in the city; a section which has been burdened with a city tax rate without getting its full share of the benefits for which it helped to pay; a section which is sparsely settled and of low taxable value compared to other parts of the city; a section which has been a liability rather than an asset to the city, paradoxical as it may seem.

W. J. Dumbleton spoke from the standpoint of one who is "unalterably opposed to the setting off of any of the Sixth ward territory and refused to sign the petition requesting that such action be taken." He said there are 21 families in the district it is proposed to set off and that these families include thirty or thirty-five children of school age. These children, he said, would have to attend the Whiting school or the McDill school and their addition to the enrollment in these would mean increased school facilities and consequently increased taxes.

He said that Fred Stieler, one of the signers of the petition, had a fine farm of 180 acres, with good buildings and cattle, and that Mr. Stieler this year paid \$177 in taxes. Mr. Stieler, he continued, would prefer to remain in the city if he were given the opportunity to work out his road taxes.

"I could get signers to a petition to detach the whole Sixth ward," Mr. Dumbleton declared, "and I believe it would be a good thing if I did." He mentioned the fact that the ward has two cemeteries and a brewery, lacking only a jail to make it a complete city in itself. Later he said that the waterpower Mr. Stieler claims to own and which would go to the town of Plover were the land detached from the city, would be worth many times more to the city in years to come than the cost of the city's portion of the paper mill road.

Chairman Dennis Parks of the town of Plover told of the steps that had been taken by his town to meet the demands of the paper mills, which had "threatened" to incorporate if the road was not provided. He deplored the fact that Stevens Point committees had not conferred with the Plover town board on the project and said the town was not anxious to build a road for the benefit of Stevens Point people. He further said that he is certain that the town, which had agreed to build a road leading east from the paper mills to McDill, after failing to get the city to build to the city limits on Whiting avenue, would not fall in with the plan to build north the distance contemplated by those in favor of giving an additional half mile to the town.

E. A. Oberweiser of the Whiting-Plover Paper Co. was called upon and expressed regret over the fact that both sides to the controversy—the city and the town of Plover—are actuated by selfish motives. He mentioned the great investment the paper mills and River Pines sanatorium represent, the \$30,000 and more paid out every month by the mills in wages, and the fact that the mills pay some three-quarters of the taxes raised by the town of Plover, including the income taxes. If the town and the city can't come to an agreement, he said, the mills can incorporate as a separate town and have cooperative stores and residence districts of their own. "This is the first thing we've asked for," he asserted. "There isn't any threat about it, but if the paper mills don't get what they're entitled to we will incorporate and can incorporate. We won't incorporate, however, unless conditions go against us." He further declared that the question must be decided this year, so that if incorporation is decided upon the new town can get its proportionate share of the taxes already assessed but not collected. In reply to a question of whether the mills had a population sufficient to incorporate, Mr. Oberweiser said, "We can get them overnight."

Alderman Schweitzer, who was pres-

ent, explained that he was the owner of a lot in the territory in question, but wished to withdraw his name from the petition in view of the fact that Plover is unfavorable to the move. "I don't want to force a gift on the town of Plover," he said.

**CO. SUPERINTENDENTS SPEAK**

Miss Frances Bannach, county superintendent of schools, addressed the rural students of the local Normal on Monday and Tuesday of this week, giving two lectures each day. Supt. George Varney of Wood county arrived today and will address the students today and tomorrow. Each week during the summer session, two county superintendents come to the local state school to speak to the students.

**NEALE GIVES SPEECHES**

Prof. O. W. Neale of the Normal faculty returned Monday morning from Shawano county where he delivered two addresses on "The Advantages and Disadvantages of Consolidation." A new railroad is being constructed from Black Creek to Shawano and it is planned to erect a school house in this district. Mr. Neale spoke at two gatherings, on Saturday evening and Sunday afternoon, and also worked with the residents of that district, giving them information from experience he had acquired in former work of this kind. Mr. Neale will deliver the Fourth of July address at Rosholt next week, where a program for that day is being planned.

**BAND CONCERT PROGRAM**

The following program will be rendered by Weber's band at the court house square Thursday evening, beginning at 8 o'clock:

March—"Bumper Fidelity"	Sousa
Overture—"Post and Passport"	Suppe
Fantasia—"Grand Opera Melodist"	Tobani
Trombone Solo—"Memories"	Aldridge
Medley—"Popular Songs"	Valentine
March—"Hail to Uncle Sam"	Remick
Final—"War Spangled Banner"	Weber

The members of the band have received their new uniforms and will wear them for the first time Thursday. The coats are of blue, except that of the director, Ernest Weber, who will wear white. The caps are of a new style.

**WILL PUBLISH TUESDAY**

The Gazette to Make Its Appearance  
Day Early Next Week on Account of Fourth

The Gazette, to avoid publication on the Fourth of July, will be published on Tuesday of next week, a day ahead of the regular schedule. Advertisers are requested to bear this in mind and The Gazette's correspondents are especially requested to make arrangements to have their material in a day earlier than usual.

The celebration in Stevens Point will be in the nature of a safe and sane observance of Independence Day and business will be generally suspended.

**CHOOSE DORMITORY MATRON**

Miss May A. Rowe, of Beloit, Wisconsin, has been appointed matron of Nelson Hall, the new Stevens Point Normal dormitory. She is a graduate of Beloit College and this month received her degree of M. A. of Home Economics from the University of Wisconsin. She has had a good many years of teaching experience, mainly in Wisconsin, and for two years she had charge of the teaching, housing and food conditions of the girls in a school at South Byron, Ill. Miss Rowe will probably be here to begin work before the close of summer school.

**SOME CHANGES ON BOARD**

New Members of School Body to be  
Chosen in at Least Two Weeks  
—Election Next Monday

In each of the six city wards on next Monday evening, July 2nd, there will take place the election of a member of the Board of Education for the two year term. From present indications there will be little change in the present personnel, as nearly all the old members expect to be candidates for re-election. W. S. Young, a Second ward representative for the past two years, will decline to enter the field again. During his long incumbency Mr. Young has taken a deep interest in school affairs and has always been classed as one of the board's strongest men. The first two years he served as chairman of the finance committee; he was then chosen as president and filled this responsible office for a period of six years, and for the past couple of years, has been head of the teachers' committee.

The removal of Adolph Cook from the Sixth ward creates a vacancy there and it is possible that several names will be voted for next Monday. W. J. Dumbleton, a former member of the board, has been mentioned as a likely candidate.

Earl H. Harriman, one of the local letter carriers, asks the Fifth ward voters to support him as successor of Chas. W. Simonson.

Other members whose terms expire and the wards they represent are: H. H. Pagel, First; H. C. Welty, Third; John L. Frymark, Fourth; Third, John L. Frymark, Fourth.

Polls will open at 7 o'clock and close at 8 p. m.

**WANT 58 VOLUNTEERS**

Portage County Urged to Provide Full  
Quota For Regular Army by  
July 1st.

Portage county has been urged by the State Council of Defense to wage an "intensive campaign" from now until July 1 to secure the county's regular army quota. The county's quota has been placed at 52, of whom four have already been obtained.

"When a county has secured its quota for the army, any further voluntary enlistments will be deducted from its draft quota," according to the information given by the State Council. "This gives you an opportunity to fall in line with several counties that are determined that their full quota for the war will be made up entirely of volunteers. Single men between 18 and 40 are accepted by the regular army. If a family has two or more men of military age and one volunteer, this fact will be considered in exempting the others from service. This gives a man a chance to relieve his older or younger brother from the burden of military service."

"You enlist for this war only. The regular army of the United States needs 70,000 men in order that it may be brought up to war strength. It is important that these men be secured now. Men who volunteer now may choose the branch of service they desire, except coast artillery and cavalry. A man who joins now will receive intensive training and will be in a position for advancement when the new draft army is formed."

**COUNTY JUDGES MEET**

Judge John A. Murat and daughter, Miss Stella, left this morning for Waupaca, where Judge Murat spent part of the day holding court for Judge Emmons, who is ill. They left there this afternoon for Milwaukee, where Mr. Murat will attend the annual meeting of the County Judges' association of Wisconsin, or the County Judges' board, as it is now officially known. This is the first meeting of the board under the new law, which provides that it meet the last Thursday in June. The meetings in the past were usually held between Christmas and New Years. Mr. Murat was for several years president of the association. He and Miss Stella will return home Friday. They were accompanied south by Mrs. P. J. Ouren, sister of the late Mr. John A. Murat. Mrs. Ouren returned to her home in Racine.

**GORDON GOES IN MONDAY**

Miss Frances C. Bannach, County Superintendent, Rounds Out  
Notable Work

After six years of notable service, Miss Frances C. Bannach, superintendent of schools of Portage county, who was not a candidate for reelection, will surrender her office next Tuesday to Lancelot A. Gordon, who is endorsed by the voters last spring.

Miss Bannach's term of office has been marked by steady progress in the rural schools of the county and a general awakening to the need of better school facilities and better trained teachers. Her enthusiastic interest in the schools and the students has been contagious and has been met by a spirit of loyalty and helpfulness that has attracted attention among leading educators of the state.

Mr. Gordon, Miss Bannach's successor, is eminently qualified by ability, training and experience to carry on successfully the work so splendidly started by Miss Bannach. He is a graduate of the Stevens Point Normal and the Nelsonville state graded school and has just completed his second year as principal of the state graded school at Merrimack, Sauk county. He also has had two years of teaching in the state graded school at Friendship. In preparation for his new duties, Mr. Gordon spent last week at Madison, where he attended an institute for new county superintendents, conducted by State Superintendent C. P. Cary.

Miss Bannach is somewhat reticent when questioned regarding her future plans, but one does not have to be thoroughly familiar with the sign language to interpret the message flashed from her left hand.

**SOO ENGINEER HURT**

Engineer John F. Oates of Fond du Lac was badly bruised about the head and body in a head-on collision between Soo line passenger train No. 1 and an extra southbound freight at Silver Lake at 4 o'clock Tuesday morning. Both trains had been practically stopped before the crash came and the property damage was not great. W. E. West of this city was in charge of No. 1.

**LIGHTNING STRIKES HOME**

A fifteen year-old son of August A. Saeger, a farmer of the town of Grant, was seriously injured last Saturday morning when a bolt of lightning struck the family home. The whole family felt the shock, but the son was the chief victim. He was at first thought to have been killed outright, but was finally revived and is expected to recover. The house was badly wrecked.

**BUYS 520 ACRE FARM**

Fred Becklenburg Now Owns Dafoe  
Property in Eau Claire—Also  
Purchases Drainage Land

One of the biggest land deals made in Portage county in several years was closed last week when Fred Becklenburg of Chicago bought the 520 acre farm owned by A. E. Dafoe in the town of Eau Claire, some three miles north of Junction City. A dwelling house, barn and several other good buildings are on the property and while only about 100 acres of the tract are under plow, practically all the balance is good pasture land, especially suitable for grazing purposes.

In addition to buying the Dafoe farm, Mr. Becklenburg has purchased of D. E. Frost of this city nearly 800 acres in the Dancy drainage district adjoining, his holdings therefore comprising a total of 1,300 acres. While the new owner's intentions are not definitely known, it is believed he will cut the property up into small tracts and offer them for sale or rent. Mr. Becklenburg is said to be the possessor of abundant capital and that he will expend large sums of money in developing this property there seems no doubt.

People familiar with soil conditions in the Dancy district say that this land is well suited for general farming and is especially adapted to the raising of feed for stock. The deal noted above may be the turning point in starting development work on the whole body of several thousand acres.

Mr. Dafoe will retain possession of his home for the present and harvest this season's crops. He and his sons, Worth and Percy, are also caring for some 200 hundred of cattle shipped there by the Rice Commission Co. of Chicago and which are being fattened for market.

**NAILING THE SPEEDERS**

The village of Plover is reported to be reaping a rich harvest from the arrest of automobilists charged with infractions of the speed regulations. It is said that more than a score have paid fines and costs during the past week.

**TRADING STAMPS DOOMED**

Governor Philipp on Monday signed what is known as the Hart bill, prohibiting the use of trading stamps in Wisconsin. The bill, which was generally endorsed by retail merchants of the state, developed a spirited contest in both branches of the legislature.

**K. OF C. CONTRIBUTE**

Donate \$100 to Red Cross and Will  
Give Substantial Sum to  
"War Camp Fund"

A special meeting of Council No. 1170, Knights of Columbus, was held last evening, when it was voted to contribute \$100 to the Red Cross fund and a further sum of \$236 to the "Knights of Columbus War Camp Fund," which latter sum will be forwarded to the supreme secretary at New Haven, Conn. It is proposed to raise one million dollars for the "War Camp Fund," to be used in opening up and maintaining recreation centers at all of the principal concentration camps and possibly also at the regular army expansion camps, and of furnishing priests and their support while so engaged both here and in Europe. These centers will be open to all, regardless of creed or color.

**CARNIVAL NEXT WEEK**

The Ed. A. Evans Carnival Co. will set up their equipment at the South Side next week. The company, which travels in a special train, will come here from Portage, via the Milwaukee and Green Bay roads, Sunday. Sunday afternoon Prof. Bindi's Royal Italian band will give a concert at the court house square, beginning at 4 o'clock. A percentage of the carnival receipts on July 4 will be given to the Red Cross and Cavalry Troop I.

**HIT BY BICYCLE**

Olive Skinner, the seventeen-year old daughter of Mrs. A. L. Skinner, who conducts the City restaurant in the Iverson building on Main street, suffered a painful injury shortly after noon today when she was struck by a bicycle driven by C. W. Simonson. Miss Skinner was crossing Main street and stepped from behind a passing car directly in the bicycle's path. One of the pedals struck her left leg, inflicting a deep cut just above the ankle.

**ON LONG AUTO TOUR**

Judge and Mrs. G. W. Ratt, their son-in-law, Senator W. W. Hurd, and the latter's daughter, Miss Hazel Hurd, of Glasgow, Mont., and Mr. Ratt's sister, Mrs. J. Weisel, of Minneapolis, visited Stevens Point today in the course of a long automobile tour. They had been visiting a cousin of Mr. Ratt, at Cambria, Wis., having gone there in a new car they purchased at Minneapolis, and started on their return Tuesday morning. They struck the Yellowstone trail at Oshkosh and intended to follow that the entire distance to their far western home, going via Minneapolis. The distance they will cover is approximately 1,400 miles.

**GIVE RETURN PICNIC**

Resident members of the Stevens Point lodge of Elks will "hit the trail" to Lake Emily again next Sunday, when they will be hosts to their Amherst brethren at a return picnic. The Amherst members of the Stevens Point lodge proved themselves royal entertainers on June 17 and if the weather is pleasant an even larger crowd will be at the lake next Sunday. The trip will be made in automobiles.

**HERE FROM ALABAMA**

W. D. Harrigan and family, consisting of his wife, who was formerly Miss Nellie Gray, and their son and daughter, are here from Fulton, Alabama, in the course of their annual automobile tour to Wisconsin. En route to Stevens Point they attended the wedding of a daughter of John Barnes, ex-justice of the Wisconsin supreme court and close friend of Mr. Harrigan, having formerly resided in Rhinelander. From Milwaukee Miss Mae Stapleton, daughter of Postmaster Matt Stapleton of Rhinelander, was a member of the party. All will remain in Stevens Point until the last of the week and will go from here to Rhinelander, where Mrs. Harrigan and family will spend the summer. Mr. Harrigan will go to St. Maries, Idaho, to look after business interests. He is heavily interested in lumbering in Alabama. John and James Gray, brothers of Mrs. Harrigan, also reside at Fulton.

**DEATH CLAIMS PIONEER**

Mrs. Margaret Moran, Resident of  
County Since 1855, Succumbs  
to Protracted Illness

Death, following a protracted illness, came to Mrs. Margaret Moran, one of the county's pioneer residents, at her home, 940 Normal avenue, at 7:45 o'clock this morning. Mrs. Moran suffered for many years from bronchitis, but the illness which resulted in her death had its inception a year and a half ago, when she was stricken with the grippe. She was confined to her bed continuously during the last eight months, with her daughter, Miss Theresa Moran, who resigned her position as teacher in the Whitney public school in Chicago to assist in her care, in constant attendance.

Mrs. Moran's maiden name was Margaret O'Leary and she was born at Milwaukee, October 25, 1848. In 1855 she accompanied her parents, Mr. and Mrs. Humphrey O'Leary, to Stevens Point, where she had ever since resided. Her marriage to Joseph Moran took place in 1869. Mr. Moran and five children survive, one son having died in infancy. The children are: Joseph S. Moran, Fond du Lac; Daniel Moran, Hibbing, Minn.; John E. Moran, who is in the United States diplomatic service and is at present stationed at Berne, Switzerland; Ben P. Moran and Miss Theresa Moran, city. Mrs. Moran also leaves two sisters, Mrs. Ellen Leahy, Lanark, and Mrs. Patrick Johnston, Rhinelander.

All the relatives mentioned, with the exception of the son, John, will be here for the funeral, which will be held from St. Stephen's Catholic church at 9 o'clock Friday morning, Rev. W. J. Rice officiating. The body will be laid to rest in St. Stephen's cemetery.

During her long period of illness Mrs. Moran endured her sufferings with the same courageous spirit that was characteristic of her entire life. She was above all a woman devoted to her home sphere, where her motherly attributes manifested themselves in countless ways. The sorrow of the relatives over the passing of this lovely and noble woman is shared by scores of friends in Stevens Point and vicinity.

**ICE CREAM SOCIAL**

The June Committee of St. Stephen's church will give an ice cream social on the lawn across from the band stand, Thursday evening of this week, during the band concert. Should the weather prove unfavorable, the social will be postponed. The June committee is composed of Mrs. John Martini, chairman, Mrs. F. M. Glennon, assistant chairman, Mesdames Andy Klug, Richard Gross, Wm. Black, Sarah McCone, E. H. Freeman, Ed. Eaker, J. P. Hartman, C. Casperson, V. Gross, Jas. Duggan, A. W. Carle, Thos. Devine, M. Gleason, A. Bischoff, Mary Boushley, Miss Etta O'Keefe, Anton Christman, Anthony Lally, Michael Ward, Jos. Eiden, Adam Adams, John Black and Mesdames R. Oberlatz, J. Bungert and Rosman. The members of the committee are requested to be present Thursday evening to assist and to bring the promised contributions. Everyone is cordially invited.

**CAMPAIGN IS ENDED**

Portage County People Contribute  
Thousands to National Red  
Cross Fund

Although the official returns have not been compiled, final figures will probably show that Portage county, including the city of Stevens Point, contributed fifteen or sixteen thousand dollars during Red Cross Week, June 18 to 25. One of the donations just received is of \$500, the giver of which withheld his name. The rural districts responded remarkably well.

**SPIRIT OF LOYALTY  
TO FIND EXPRESSION**

Observance of Independence Day in  
Stevens Point Will Typify Na-  
tional Temper

Stevens Point will celebrate the Fourth of July—but not in the light hearted spirit of other years, when fireworks and firecrackers were the chief attractions.

This year's observance will be characterized by patriotism born of war, a loyalty demonstration that will reflect the national spirit. A parade will take place in the morning, leading from the public square to the South Side, where addresses will be given by District Attorney J. R. Pfiffner and Mayor F. A. Walters.

Weber's band has been engaged and will head the line of march, which will also include Troop I, First Wisconsin Cavalry, city officials in carriages, G. A. R. members, the fire department wagons appropriately decked, a long line of boys carrying flags and Prof. Bindi's Royal Italian band, which comes with the Ed. A. Evans Carnival Co.

At the South Side the Evans Carnival Co., which will show in that part of the city next week, will present two large American flags to the fire department, one for each station. The company has also contributed financially to the celebration and will donate the services of the Italian band. The carnival has been extensively advertised in the surrounding territory and a large crowd is expected on the Fourth.

The boys who will march in the parade will typify "Young America" and they will be in charge of A. E. Bourn.

**MARRIAGE LICENSES**

Stanley Cieslewicz, New Hope, and Clara Zolkowski, Sharon; W. Roy Spaid and Marie S. Janikowski, both of Stevens Point; Lawrence Domach, Amherst Junction, and Helen Zledzin-ski, Plover.

**WAS PLOVER RESIDENT**

James B. Carpenter has received word of the death, at Highmore, S. D., of Mrs. Henderson Winans, a former resident of the town of Plover, this county, on June 16. Mrs. Henderson, whose maiden name was Lavina Emma Woodworth, was born in Buffalo, N. Y., August 3, 1841, but came to Wisconsin in infancy, settling at Waukesha with her parents. Her father was later in the harness business at Plover and her marriage took place there in 1860. During the civil war period, during which Mr. Winans served with Co. B, 14th Wisconsin, along with other Plover men, Mrs. Winans taught school. In 1883 the family moved to Dakota. The husband, six children and several sisters and brothers survive. The funeral was held at Highmore.

**IS WOOLWORTH MANAGER**

Joseph Monian, a former Stevens Point boy, now manager of a Woolworth store at Rochester, Minn., arrived in the city Tuesday afternoon for a visit among local friends until this evening. From here he returned to Wausau, where he has been visiting at the home of his parents, Mr. and Mrs. Jacob Monian.

**BUREAU HELPS STUDENTS**

More Than One Hundred Men and  
Women Work Their Way Through  
Local Normal Each Year

The student employment bureau at the local state Normal school has been of much help to students during the past year. More than one hundred men and women yearly work their way entirely or in part through school, either by doing regular work or odd jobs about the city.

The following statement has been prepared by the bureau of which Prof. C. F. Watson is the head:

"The members of the committee on student employment in the Normal school wish to thank the people of Stevens Point for the many opportunities they have afforded students to earn all or part of their expenses while attending the Normal. They wish the people of Stevens Point to know that their hearty co-operation in this matter for the past two years has been greatly appreciated by both students and faculty. This opportunity to obtain work has enabled scores of our students to enter and remain in school, who would otherwise have been forced to drop out of school or even forego an education entirely."

"For the benefit of those people who have contemplated the employment of student help for next year, who are hesitating because of the increased cost of living, the committee wishes to state that those students who must work to pay their expenses have been advised that they will not be permitted to carry a full program in school. This step is taken in the interest of the school, the people who co-operate in giving students employment, and the students themselves."

"Increased enrollment will no doubt make the number of students in need of employment next year larger than in the past, and the student employment bureau will appreciate the further cooperation of the citizens of Stevens Point in this worthy effort."

Happenings Mentioned in The Gazette Twenty-five and Ten Years Ago This Week.  
Twenty Five Years Ago  
June 29, 1892

Peter F. Malik and Miss Mary T. Pransa, both of Milladore, were married at the Milladore Catholic church this morning by Rev. Theo. Lugowski. The first annual banquet of the alumni of our High school was held at the Curran House Friday evening. After the banquet a program of toasts was carried out and those who responded were L. R. Anderson, president of the association and toast-master of the occasion, Leroy Murat, Miss Kate Clements, David O'Keefe, Mrs. E. R. Week, president of the board of education, and Prof. H. A. Simonds. The following officers were elected for the ensuing year: president, Dr. C. F. Phillips; vice president, Miss Kate Ball; recording secretary, Forest Grant; corresponding secretary, Mabel Copes; treasurer, Frank Bosworth; executive committee, Misses Kate Clements and Anna McDonald, Lawrence McGregor and John Curran.

The 21st annual convention of the Catholic Total Abstinence Societies of Wisconsin is now being held in this city. Last evening a fine entertainment took place at the Opera House, which was opened with an overture on the piano by Miss Mary Davis, and followed with a duet "Under the Old Umbrella" by George and May Wakefield, who responded with an encore, "The Old Tin Dipper on a Nail." A solo by Mrs. W. H. Griffith, entitled "Waiting" was heartily applauded, as was the instrumental duet on the violin and piano by Misses Sarah Wallace and Tessie Clifford. Little Grace Corcoran then sang "Don't go out Tonight, dear Father" very sweetly and Misses Mary and Amy Langdon sang "When early morn beams o'er us," in a very able manner.

### Ten Years Ago June 26, 1907

Solomon Glover, who resided with his daughter, Miss Ida, on Strong's avenue, died last Friday, in the 78th year of his age.

The members of the class of 1904 are holding a reunion at the High school building, which will close with a banquet this evening at the Curran House.

Edward W. Krembs and Miss Lucy L. Gaines were married in this city last Thursday evening. The witnesses were C. W. Wilson and Miss Inez Johnson.

Walter Verrill, foreman in the finishing room at the Plover Paper Co. mill, and Miss Fern Johnson, only daughter of Mrs. Nettie Johnson, were married in the parlor of the Park hotel Saturday evening, by Rev. James Blake.

Ole N. Reton, who for many years had been a resident of this city, died at Martinez, Cal., on Wednesday last, aged 71 years. He is survived by two sons and a daughter, N. E. Reton of Goldfield, Nev., John Reton of this city, but who is at present in Panama, and Mrs. W. J. Gavin of Abbotford.

### FUNERAL OF MRS. MURAT

The funeral of Mrs. J. A. Murat was held from the home on Strong's avenue and from the Trinity Lutheran church last Wednesday afternoon, Rev. Theo. Ringoe officiating. The body was laid to rest in Forest cemetery. The pallbearers were E. J. Piffner, L. P. Moen, Ole Olson, F. H. Timm, A. E. Bourn, and Alex Ringness.

Among those from out of the city who attended the funeral were Mr. and Mrs. L. S. Murat and two sons, Walton and Myron, of the town of Amherst, Mr. and Mrs. E. Eliason and Mrs. J. W. Erlander of Iowa, Mr. and Mrs. E. Johnson of Scandinavia, Mrs. P. J. Ouren of Racine, Dr. and Mrs. C. E. Nystrum and Mr. and Mrs. O. Nystrum of Medford, Miss Eleanor Benson of Wausau, and H. O. Loberg, Mrs. John Een, Mr. and Mrs. M. S. Murat and daughter, Miss Olga Murat, and Mr. and Mrs. J. O. Foxen of Amherst.

### DEATH OF INFANT

Ramona, the infant daughter of Mr. and Mrs. Michael Winiacki, 209 Fifth avenue, died at the family home at 12:30 o'clock last Friday afternoon. Death resulted from an abscess. The child was one year and ten months old. Funeral services were held from St. Peter's Catholic church at 8 o'clock Monday morning, Rev. S. A. Elbert officiating. Interment followed in St. Peter's cemetery.

### HOLD CHURCH RALLY

Miss Cecile Boursier, J. W. Merry, Blaine Carleton and Warren Totier motored to Dopps, near Wild Rose, Sunday where they conducted a Sunday school rally. The meeting was held in the Methodist church at that place, about 100 persons from the neighboring country attending. The local party, which was joined by J. E. Christy of Waupaca, gave talks relative to Sunday school work.

### GORDON HAS ACCIDENT

Martin Gordon, mail carrier on route No. 4, met with an accident at about 2 o'clock last Saturday afternoon while returning to this city. When near the H. H. Clark farm about eight miles west of the city, one of the wheels became loosened from the harness on the horse he was driving. Mr. Gordon stopped the horse, but the animal began to kick, turning the buggy and throwing the driver upon the ground. Mr. Gordon was dragged a distance of about twenty feet but finally succeeded in stopping the horse. His injuries included a bruised hip and elbow, and further than an overcoat well initiated to mud of the town of Linwood, no damage resulted.

## MAKE HASTE SLOWLY IS SMITH'S ADVICE

Normal Faculty Member Says Nation Must Proceed on Safe and Sane Lines  
(By Prof. E. T. Smith)

Many people, amongst them the editorial writers of some of our influential newspapers, seem to feel that now is the time to fasten upon the country a system of universal military training. In the midst of our preparations for war, with the attending excitement and patriotism, it may be easy to create a demand for such a policy. We have been caught in a dangerous situation, quite unable to deal with it, and it is reasonable to suppose that, if we had been ready to strike with a small part of our real force, no nation would have tempted us to strike at all. Whether this would have been the case or not, must be left to conjecture. No one can prove that things would be more satisfactory if one element had been different, nor is it likely that the situation in which we now find ourselves, will ever be repeated. We may fight other wars in the future, but the conditions which give rise to them will never be those of the present conflict. "History repeats itself," is a generalization which finds little favor with students of history.

There are, then, many reasons why it is unwise to commit ourselves at this time to any future policy. That the selective draft is a wise and a business-like measure seems assured, but the future of this vast conflict is so obscure, and the possibilities so confusing that no one other than an inspired prophet could say what we may need five years from now. To illustrate: This world war was inconceivable four short years ago. No body would have believed the course of events, which we know have transpired, could have taken place. Germany should have won on the Marne and brought the war to a triumphant finish but she did not. England should have destroyed the German fleet at the Jutland fight, but she did not. And Russia has become a revolutionary Republic! We can only rub our eyes and wonder—what next? Certainly no one can seriously predict anything, and almost everything is possible.

Consider some of the possibilities, for no one can hope to consider probabilities in such a tangled web of events. Suppose, then, that Germany fights herself out, as did the Southern Confederacy, and finally breaks under the strain. Will England, France and the new Russia want to continue a policy of heavy military armament and universal service? Those nations will be bled white and encumbered with immense debts. They claim to be fighting to free posterity from the incubus of militarism. Is it not conceivable that they will use their victory, if they win one, to rid the world of militarism? And if our friends wish to abandon this policy, shall we wish to continue it? Or suppose that the Central Powers are compelled to seek peace by uprisings from within. Will not the people, who have been fighting and suffering on both sides demand disarmament? Again, suppose the war drags on for years, to end in a hideous deadlock. Will the people of the most intelligent races in the world go on preparing for another war? They may, or they may not, only Time can tell, and we must be guided in our future policy by future events, as unpredictable as this whole affair has been.

It should be freely admitted that we may have to burden our future with military service by all. In 1812 we got into a war with England, banking somewhat, as President Madison afterward confessed, on Napoleon's victory in the Russian campaign. Napoleon's power, which never looked so strong as at the verge of its collapse, was shattered and we were left to face the consequences. We were poor, we had no great cities to loot or ransom, and our natural resources were little known and undeveloped. England, burdened with the debts of her Continental wars, did not wish to continue the war with "a distant race of pioneers and sailors for a forest in North America."

It may be that we are engaging in this war at the moment when our friends are on the verge of collapse. If so, we cannot count on getting off very easily. Our resources are known, they are developed, and we are richer than any other nation. If we have to face a victorious German alliance, it will take years of dogged fighting to establish our security on this continent. That we can do it, need not be doubted, but it will require all the men and all the resources we can command. In such a case, universal military training will become a first necessity. We have been supposing. That any of these suppositions will really happen might be said to be improbable and what really will happen is possibly the last thing we have been led to expect. We must be guided by developments which no one can foresee. Therefore, it is most unwise to fasten any future policy on this country at this time. We can only hope that a fostering Providence will give us light, in time, to do the wisest thing.

## C. O. F. AT MARSHFIELD

Five Hundred Representatives of 24 Courts Meet in Hub City Last Sunday—Big Class Initiated

The biggest gathering of Catholic Foresters ever held in Central Wisconsin took place at Marshfield last Sunday when delegations were present from 24 courts of the order located at Stevens Point, Grand Rapids, Neillsville, Junction City, Milladore, Auburndale, Wausau, Marathon, Edgar, Stratford, Potosi, Athens, Rib Lake, Medford, Stetsonville, Dorchester, Colby, Custer, Boyd, Stanley, Thorp and Marshfield.

Members of the two local courts, St. Stephen's and St. John's, went up fifty strong, while each of the other towns mentioned was proportionately well represented.

At noon a buffet luncheon was served by the Marshfield Lady Foresters on the grounds adjoining St. John's school and at 1:30 o'clock a body of five hundred men formed in parade and marched down the principal business street and thence to the Second Regiment armory, where a class of 75 received the first and exalted degrees of membership. The initiation ceremonies were in charge of a team from Superior, headed by State Chief Ranger John E. McCabe. Other distinguished visitors included the high chief ranger, Thos. H. Cannon of Chicago, and the high treasurer, Gustave Keller of Appleton.

The evening hours were devoted to a musical and literary program at the armory, which spacious building was packed with people. An enthusiastic address of welcome was delivered by Mayor A. G. Felker and eloquent talks were also made by Messrs. Cannon, Keller and McCabe. The enjoyable musical features were contributed by Marshfield talent and a trio of young ladies from Colby.

A good share of credit for the all-around success of the affair is due Emory L. Mangold, state organizer for the Foresters, through whose efforts many of the candidates were secured at Marshfield and neighboring towns. Several of the new members will affiliate with the Stevens Point courts.

A tired but happy bunch of visitors returned here on the limited train Sunday night. When it comes to entertaining strangers within her gates, Marshfield is entitled to a high rating.

### STUDENTS STAGE PLAY

Prof. E. T. Smith, dramatic coach at the state Normal school, will select a cast this week for the play, "Lost—A Chaperone," which will be staged by students of the summer session of the Normal on Friday, July 20, in the school auditorium. Former members of the Dramatic club of the Normal will largely comprise the cast, although other parts will be given to several of the students not now in the club. The play is a three act comedy with a cast of twelve characters. Rehearsals will be begun the latter part of this week or the first of next week.

### MOSINEE WINS AGAIN

The local city baseball team was defeated in a return game played at Mosinee Sunday by the score of 5 to 4. The battery for Stevens Point was Eagleburger and Fisher and for Mosinee, Hoffman and Fahrner. Each team scored three runs in the second inning, the locals adding one in the fourth and Mosinee one in the seventh, tying the score. The winning run was brought in in the ninth inning when a man on third reached home, with two men out, Viertel of the local team missing a fly. Next Sunday the Stevens Point team plays a return game at Grand Rapids.

Gossip will generally get there without the aid of a special delivery stamp.

THE GOOD JUDGE TELLS WHICH IS BETTER, AND WHY IT IS

JUDGE, HE PAID 10 CENTS FOR HIS TOBACCO. I PAID 10 CENTS FOR MINE. WHICH DO YOU THINK IS BETTER?

YOURS, OF COURSE! W-B CUT TOBACCO COMES IN SMALL PACKAGES WHILE CHEAP ORDINARY TOBACCO COMES IN BIG BAGS

A good many people are looking into what makes men change over to W-B CUT and stick to it so. Tobacco is tobacco, but all chewing, isn't it? tobacco. You don't have gummy excess sweetening to chew out of W-B CUT, before you get down to satisfaction. The shreds are tobacco, through and through—and the richest, sappiest tobacco that grows. You notice the difference at once—W-B CUT goes twice as far as ordinary plug.

ROMAN BENDER DIES

Popular Young Man of This City Passes Away Friday Following Illness of One Year

Roman F. Bender, son of Mr. and Mrs. Joseph Bender, 235 Prairie street, died at the family home at 7:45 o'clock last Friday evening. Death was caused by tuberculosis. The young man had been in failing health for the past year, but was not confined to his bed until Tuesday of last week. From then until the time of his death his condition grew steadily worse.

The deceased was born in this city on Feb. 28, 1894, and was therefore 23 years of age. He received his education here, attending both St. Joseph's parochial school and the State Normal school. He was then employed for three years by the Soo line, for a time as call boy and later as car checker. He then went to Seattle, Wash., where he remained a year. In that city he was employed as manager of a branch store for the United States Rubber Co. Upon returning from the west he spent a month at Duluth, Minn., after which he returned to this city.

The deceased was an industrious young man of excellent ability and character, whose early demise is the source of common sorrow among his acquaintances. Besides his parents, he leaves two brothers, Joseph Jr., and Martin, both of Duluth, and one sister, Miss Elizabeth Bender, at home in this city.

Burial services took place at St. Joseph's church at 9 o'clock Monday morning, Rev. H. J. Ehr officiating. Interment followed in the parish cemetery. Those who acted as pallbearers were John Rieschl of Menasha, Frank Hautzinger, Ben Hafner, George, Anton and John Flugaur.

## NEWS AND VIEWS FROM HERE AND THERE

Federal Judge Landis last Friday ordered that the Sunday "lid" be put into service at LaCrosse.

Digby Bell, an actor of Milwaukee birth who appeared in Stevens Point years ago, died last week at the age of 68. His most recent activities were in motion pictures.

L. A. Brown, who has been editor of the Iowa Herald for several months, has moved his household goods from Now London to Iowa and will remain permanently in the latter place.

While assisting in setting up a monument in Labelle cemetery at Oconomowoc on Wednesday Julius Brandt, 60 years old, was crushed and instantly killed by a twelve-ton stone.

Physicians who operated on Frank Smith of Neenah for appendicitis found a marble lodged in the intestines near the appendix. It was probably swallowed when Schmidt was a boy.

The Marshfield Red Cross chapter is planning a home talent circus, to be given in July, as a means of raising Red Cross funds. The circus will be complete, with barkers, fat men, snake charmers and all other "fixins."

Attracted by improved conditions prevailing in Finland as a result of the Russian revolution, a party of fifty Finnish men and women from Superior, Duluth and Michigan towns are on their way back to their native land.

The plant of the Four Wheel Drive Auto Co. at Clintonville is now war territory and no "alien enemy" is permitted to pass within a half mile of it without a permit. The company is turning out eight trucks for the government.

Supt. C. W. Otto of the Marshfield public school system will soon leave for his home at Elgin, Ill. Mr. Otto, who is well known in Stevens Point, will be succeeded at Marshfield by Don S. Miller, retiring head of the Stanley schools.

Elipse Home Makers, Inc., announced that \$1,000,000 will be spent in the erection of 353 modern homes for employes of Fairbanks-Morse & Co. at Beloit. Plans include parks and boulevards, a large clubhouse, theater and restricted business section.

Patrick Cudahy, the millionaire packer of Cudahy, who recently announced his retirement from business in favor of his sons, is back in the harness again. One son has become a lieutenant in the regular army and another has joined an officers' training camp.

Sheriff John S. Johnson of Sawyer county made a raid in a logging camp recently in search of registration "slackers." Thirteen men were unable to show registration cards. Twelve were allowed to register, but the thirteenth, who took exception to the sheriff's actions, was arrested.

The nine-year old son of Mr. and Mrs. Frank Klatt of the town of Kronenwetter, Marathon county, met almost instant death last Thursday, when he was run over by an automobile as he tried to cross the road directly in front of the machine. V. Atherton of Wausau was the driver of the car.

Attracted to the door of her home by a strange noise, Mrs. P. J. O'Mara of Eau Claire, was horrified to see a copperhead snake, more than a yard long, within two feet of her daughter, 4, who was sitting in the grass. She grabbed a rifle and put a bullet through its head. Then, womanlike, she fainted.

Wausau Pilot: Mr. and Mrs. Joel Shafer of Colby were in Wausau today on a farewell visit to relatives and friends in this city and county while on their way to their lately purchased home in Longmont, Col. Mr. Shafer was formerly publisher of the Colby Photograph, which he lately sold to the present publishers.

Angered by the city council's action in passing twenty-two liquor licenses over his protest, Mayor Konkel of Superior took possession of the forms and declared that unless the other two members of the commission receded from their stand, no licenses would be issued except on court order. After being dry a year, Superior is scheduled to have sixty saloons again after July 1st.

Andrew Jensen, 74 years old, president of the Tobacco Exchange bank at Edgerton and prominent in democratic state politics, died at his home on Friday. He was treasurer of the democratic state central committee, and several times was the candidate of his party for state treasurer. He served several terms as mayor of Edgerton. In 1892 he was named a presidential elector. Mr. Jensen was born in Norway and began business as a tobacco merchant in 1874. His death followed a year of rapidly failing health.

Clifford McWold, 16, of Pittsville, died recently at the Marshfield hospital of suppurative meningitis, one of the rarest diseases known to medical science. He was taken with a severe headache, which continued for two or three weeks. At the hospital he was operated upon and the skull and brain cleansed. A post-mortem revealed the fact that the brain was surrounded by pus. There is said to be no known cure for the malady, which, in this case, is attributed to a blow on the head accidentally received early in the spring.

Waupaca County Post: Chief of Police Papineau arrested a man who said he came from Chicago, but had no registration card with him. The chief told the man he would hold him until the card got here, and the man who is a German, is now in jail. He claims he left his card in his trunk in Chicago, and he has sent for it.

For many years the C. M. & St. P. R. has run what has been known as the "fish train." It was a fast train, leaving Chicago on Friday evening and reaching Star Lake, at the north end of the line, at about 7 o'clock a. m. This train has been a great convenience for all along the line of the St. Paul, as it enabled business men to spend Saturday and Sunday with their families, who were spending the summer at the lakes. On account of the war and great need of cars, the train will not be run this season. There is to be, however, a change in the running of trains to better accommodate the tourists.

Merrill Star-Advocate: A year ago last month Eddie Degner left his home in the Sixth ward one morning, supposedly to go to school, and absolutely disappeared, to the grief of his parents and particularly his mother who was fatally ill at the time, and later passed away without knowing whether her son was dead or alive. August Manecke was at Tomahawk last Friday, where he found the lad and persuaded him to return to his home here. During his absence he visited various portions of this part of the state, working here and there, but had not in any manner communicated with his home during that time.

Kissing of the very flag which a few minutes before he had insulted and after he had felt the noose of a rope placed about his neck by irate German-Americans of Pleasant Prairie, who witnessed the verbal desecration, was the atonement made by Milton A. Robertson, who can be charged with more than one offense against the government. The man is in custody and Chief Special Agent Barry of the government investigators has an affidavit over Robertson's signature that gives an interesting recital of desertions from one branch of the service and incarcerations in and escape from a federal prison. He is primarily charged with failure to register.

Rhineland is to get a potato drying plant, the United States government having decided to move one there from Arlington, Virginia. A company has been formed and capitalized to carry on the business. The process used converts the smaller and imperfect potatoes into what are known as potato flakes. These can be quickly converted into mashed potatoes and can be put up in cartons for sale at grocery stores. The flakes are also valuable as a food for livestock. The process consists of steaming carefully cleaned potatoes and mashing and drying the mashed material on revolving steel drums. The plant at Arlington is equipped with over \$50,000.00 worth of machinery. It is planned to have everything in readiness for use by fall.

Up to noon Thursday, June 14, the employees of the central group of Bell telephone companies had subscribed for Liberty Bonds to the extent of \$652,860. The total will probably reach \$700,000 when all subscription applications have been reported.

The central group of Bell telephone companies comprises the Chicago telephone company, the Wisconsin telephone company, the Michigan state telephone company and the Cleveland Telephone company, and is under the direction of B. E. Sunny.

Wisconsin telephone company's employees subscribed for \$38,560 of the bonds. Of these subscriptions 446 were the \$50 denomination, indicating that the demand was largely from small investors.

The subscriptions made by the central group of Bell companies are in addition to the \$5,000,000 taken by President Theodore N. Vail, for the Bell system.

### WILL AID RED CROSS

At the annual meeting and election of the Daughters of the American Revolution held at the home of Mrs. W. W. Mitchell last Wednesday afternoon, a resolution was passed that the members devote Monday afternoon of every week for Red Cross work, which will be done at the public library. The organization also decided to continue holding meetings throughout the summer. The election of officers for the next year resulted as follows: Regent, Mrs. W. W. Mitchell; vice-regent Mrs. G. E. McDill; secretary, Mrs. J. W. Stroppe; treasurer, Miss Eva Webb; registrar, Mrs. J. N. Welby; historian, Miss Katharine Rood; librarian, Mrs. E. M. Coppes.

### WANT POLICE JOB?

The board of fire and police commissioners desire to provide an eligible list from which vacancies in the force of police patrolmen can be filled. Applicants should file their names with the secretary, B. V. Martin, before July 2, 1917.

### ADVANCE IN PRICE

The Chicago Tribune having advanced its subscription price, it is necessary for The Gazette to advance the combination subscription price of the two papers. From now on the price of The Gazette and Chicago's greatest newspaper, the Daily Tribune, both for one year, will be \$5.15. This rate applies to rural districts as well as cities and villages.

## GUESS WHO THEY ARE

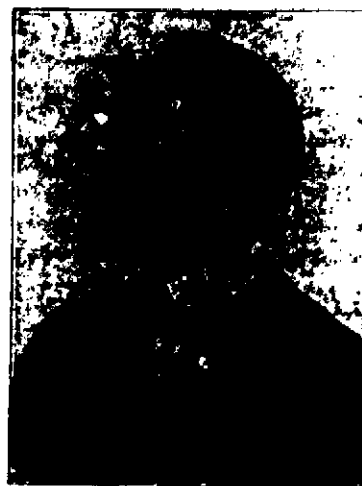

Reproduction of Pictures Printed in The Gazette Within Past Several Years.

The three cuts printed in this column last week, were possibly the most interesting of the series, representing as they did people who enjoyed an extensive acquaintance throughout the county and each was a pioneer business or professional man. The upper picture, labeled No. 58, was a true likeness of the late Owen Clark, for many years a leading lumberman of Stevens Point and who served as mayor for several terms.

Next in order was shown the features of Dr. Galen Rood, central Wisconsin's pioneer physician who passed away at an advanced age only a few weeks ago.

The third cut was that of P. C. Clafin, one of the early day jewelers here and who later moved to Washington, D.C. Mr. Clafin has also joined the great majority.

## WILL RETURN TO EVANSTON

Miss Margaret Tozier returned from Evanston, Ill., last Saturday, having completed her year's work as director of physical training in the New Trier township high school, one of the big educational institutions of that section. Miss Tozier enjoyed her work there, and that it was satisfactory to the school board is evidenced by the fact that she has a contract to return next year.

## VISITS OLD HOME

William F. Kennedy, a boyhood resident of Stevens Point, but who moved with his parents to Chicago Heights eight years ago, arrived last Friday for a visit of several days in the city and with relatives in Plover. Mr. Kennedy is now an attorney at law, connected with a firm having offices in the Marquette building, Chicago, and this is the first visit to Stevens Point since he moved away. He is a member of Battery D, Illinois Field Artillery, which is expected to be ordered into camp soon.

Ireland's dream of national independence may be realized if petitions being circulated in all parts of the United States, Stevens Point included, receive the consideration the cause merits. The movement was instituted by The Irish World, a New York publication, and the petitions call upon President Wilson and congress to demand of England complete national independence for the Emerald Isle—not when peace is declared, but now. "Every lover of Democracy regardless of sex, race and religion is asked to sign this petition."

"Save the Waste and Win the War" is the motto that every household of America is urged to adopt by Herbert Hoover, the man who is directing the mobilization of the nation's food supplies. Mr. Hoover, under date of June 18, mailed a personal letter to every minister whose name he was able to secure, appealing to him to preach upon the subject of Food Conservation on Sunday, July 1. The day has been designated as "Food Saving Day." The purpose is to impress upon the people that the successful conduct of the war depends on the sacrifices; that the war may be won on the tables of American families. The consumption of food per capita must be reduced, to the end that our allies as well as ourselves may be able to solve the food problem.

That names with which one becomes familiar in earlier years oftentimes leave a lasting impression which even time does not efface, is frequently shown in concrete form by the receipt of letters addressed to "The Portage County Gazette." As inferred, these letters are written by early day residents of this city or vicinity, practically all of whom have been subscribers to this great family periodical for long periods. Although the words "Portage County" were eliminated from our title page many years ago, yet the old time friends have not forgotten. Only last week a letter bearing the address quoted above was received from Dell H. Martin, bearing the postmark of a Virginia city and containing a substantial remittance for the old home paper. Mr. Martin's family now live at Harvey, Ill., but he devotes his time as traveling agent for the Austin Western Co., builders of road machinery, and visits all parts of the country.

In the interests of efficiency and health there is increasing necessity for the application of scientific medical and sanitary knowledge to the administration of the public schools, in the opinion of the U. S. Public Health Service.

In general, the faults observed in rural schools, the annual report of the Service declares, are due to a lack of skilled advice, especially in regard to the location, construction and equipment of school buildings and disregard of sanitary principles governing water supplies, the disposal of sewage, ventilation, temperature, illumination, and the arrangement of school desks and blackboards. During the past fiscal year surveys have been made in rural districts of several states and many thousand school children have been examined. These examinations have included thorough testing of the eyes by competent oculists; tests of mental capacity and the effect of sanitary environment on school progress, as well as inspections for the customary physical defects.

The conclusion is reached that there is great need for improvement in rural schools and that communities themselves will benefit if conditions are bettered, the schools serving as object lessons for surrounding sections. Conditions in country districts have been found below those in the cities and it is apparent that organized health work has largely been confined to the latter. Considered from a sanitary standpoint alone the Public Health Service is in favor of the consolidation of rural schools, since it must eventually result in the providing of better buildings and the organization of systems of efficient sanitary inspections.

## News Snapshots Of the Week

**Fight on the administration food control bill** framed by Congressman Lever commenced in congress; Herbert C. Hoover, in charge of this phase of the nation's war work, told the senate that the people were being fleeced out of \$50,000,000 yearly by food manipulators. A mission from Russia headed by Professor Bakhmeteff, who is also the new ambassador, reached America to represent free Russia. As a climax of the anti-draft agitation Emma Goldman and Alexander Berkman, anarchists, were arrested. Stirring New York as it has seldom been stirred in recent years, the finding of the body of Ruth Cruger in a cellar after a four months' search threatened a police department shakeup; Alfred Cocchi, the suspect who had been permitted to go to Italy, is to be extradited. The campaign to raise \$100,000,000 for the Red Cross during the week reached every corner of the country.

## COAL SHORTAGE TO BE RELIEVED

**Railroads Agree to Deliver  
Ample Supply to Coast.**

### OTHER NOTES FROM CAPITAL

**Government to Allow Only Reasonable Profits on Products For Public and Private Consumption—Goethals Wants One Man in Charge of Aeronautics—Sims' Work Pleases Daniels.**

Washington.—[Special Correspondence.]—The past week has been a busy one in Washington. The Russian mission to the United States arrived and got down to hard work, while congress was considering some of the most important legislation that has been presented since the outbreak of hostilities. The control of the supply and distribution of food, with Herbert C. Hoover as food administrator, as provided by the Lever bill, is all important; also the coal shortage threatened to become serious for a time, but the action of the railroads in giving coal shipments preference has evidently solved this problem.

The recommendation by the Federal Trade Commission to congress of government pools of coal production and distribution and of rail and water transportation brought quick results.

At a conference among Chairman Peabody of the coal committee of the Council of National Defense, Federal Trade Commissioner Fort and Presidents Rea of the Pennsylvania, Harrison of the Southern and other railway and coal officials a tentative agreement was reached for pooling the bituminous coal output to relieve the present emergency.

The railroads agreed to supply transportation to increase deliveries at seaboard points by two or three million tons per month, the price to be determined later.

**To Serve New England.**  
Especially attention will be paid to points in New England, where fuel is badly needed by munition and general manufacturing plants.

The conference will continue with a view to averting the drastic steps contemplated by the government in dealing with the general trade situation, particularly that relating to coal.

Important developments indicating the purpose of the government to coordinate the resources of the country and control their distribution at reasonable prices have also become known. They are:

The Federal Trade Commission in a report to congress recommended the pooling of coal and coke production under the supervision of the government, that the transportation agencies of the United States, both rail and water, be similarly pooled and operated on government account under the direction of the president and that all such means of transportation be operated as a unit.

The controlling corporation being paid a just and fair compensation which would cover normal net profit, upkeep and betterments.

In furtherance of the government's policy to compel producers and dealers to furnish material for war purposes and supplies to the people for domestic use on the basis of "reasonable profits" the commission and other departments have begun an investigation to determine the cost of basic products manufactured material and other supplies for public and private consumption.

the present inadequate transportation facilities will probably be made the preferred business of the Interstate Commerce Commission with a view to divorcing the transportation agencies from favored producers of basic products.

Secretary of the Navy Daniels conferred with President Bedford of the Standard Oil company relative to the rates that are quoted by that concern for supplying the naval forces of the government with oil to be used in its military operations. The secretary demanded more concessions than the oil company is willing to grant, though it reserved its final decision.

**Like Government Ownership.**  
The action of the Federal Trade Commission is expected to result in many reforms that may be of permanent value. Its recommendation that the government follow the example of Great Britain, France, Russia, Italy and Germany in taking over the control and operation of the coal and transportation industries practically amounts to government ownership and is so called by the advocates of that doctrine in congress.

The chief benefit that is expected from this policy will be the ending of the secret relations between the transportation systems of the country, the coal combination and other "big business ventures."

In support of its recommendation the commission asserts that "the coal problem cannot be worked out as long as the railroads are allowed to divide and allot traffic to lay embargoes without regard to their immediate effect upon industry or the systematic distribution of coal, to give priority to the movement of certain favored freight and to use the device of the long and short haul."

**Wants One Man Control.**  
One man should be held responsible for the creation of America's \$600,000,000 aeronautic war fleet and should

have supreme authority. Major General George W. Goethals advised a subcommittee of the senate committee on military affairs. This view was supported by Fred H. Allen of New York, who has seen much flying abroad.

In the production of the proposed aircraft other plants besides those for autos will be available, especially typewriter and cash register factories. This was announced by the aircraft production board.

General Goethals testified at a hearing on a bill to create a new department of aeronautics.

"Aviation is an important element in this war. Control of the air and artillery will be the determining factors," he said. "Aeronautical authority is now distributed through the various branches of the service. Responsibility and authority should be concentrated."

General Goethals declared that concentration of responsibility in a big undertaking was absolutely necessary. Division of authority, he said, often resulted in failure.

**Sims Plans New Movement.**

Secretary Daniels was visibly pleased over the fact that Admiral Sims was in command of the large patrol force in Irish waters. In the absence of further reports from him he would make no other statement.

Naval officers are inclined to believe there is much more in this move than appears on the surface. Heretofore officers have predicted that such a man as Admiral Sims, of unusual force and of commanding personality, would be assigned to one of the most important tasks in the major operations in European waters.

Some officials stated that the tactics now employed in fighting the Germans must be radically changed. One declared that the allied fleets must make a determined assault on the German naval bases and effect a landing so that the German army could be struck on the flank.

"We must get the fighting into Germany," he said. "Of course we would lose a lot of ships, and I mean the United States as well as the allies. But we will lose them anyhow unless we get rid of the submarine. If we sacrifice them and land in Germany, destroying some of the industrial centers on which the Kaiser is absolutely dependent, the war can be brought to an end."

**Three Big Men.**

Three men, having almost unlimited powers, will be charged with the conduct of the war in its economic aspects, according to revised plans which the president and cabinet are now considering. The plans, however, depend for consummation upon the early action of congress. The three men who are now referred to as the "big three" are:

Herbert C. Hoover, who under his authority as food administrator will receive vast power over the consumption and distribution of food supplies throughout the country.

Bernard M. Baruch, financier, who will have complete control of all purchases, whether for the allies or on behalf of this country, will probably head the munitions board, similar to the British munitions board, a civilian body that makes all purchases for the British army upon plans drawn by experts of the war department.

William Denman, chairman of the shipping board, or Major General George W. Goethals, head of the emergency fleet corporation, will be vested with complete authority to build ships and to direct their operation when completed.

It is possible that this latter authority will be divided so that one department will have authority in building ships and the other in their operation. It is said, however, that the president believes from the tangle into which the shipping program has developed that in the interests of efficiency authority should rest in one man.

### TRAGEDY AT WAUKESHA

The climax of a "love triangle" at Waukesha was recorded last Thursday afternoon, when Miss Grace Lusk, 42, a school teacher, shot and killed Mrs. David Roberts, wife of a former state veterinarian, and seriously injured herself. Miss Lusk is a daughter of Dr. A. R. Lusk, a dentist of Mosinee, and has a number of personal acquaintances in Stevens Point. One of the letters she left was addressed to Miss Ida Edwards, a Chicago school teacher, who is believed to be the Miss Edwards who was formerly a member of the Stevens Point high school faculty. Miss Lusk will recover and will be charged with first degree murder. Revelations of her relations with Dr. Roberts, made since the tragedy, created a sensation in Waukesha and in fact the entire state. Dr. Roberts, it is reported, will be prosecuted under the Mann act.

And you have noticed the girl who eats as sparingly as a canary bird at the beautifully spread home table can eat with the voracity of a cannibal at the restaurant where the sirloin is \$2 a throw.

Mrs. W. W. Wade has gone to St. Paul for a few weeks' stay, during which she is taking special instructions in Red Cross activities. Mrs. Wade is an active member of the local Red Cross chapter and her work at St. Paul will be of much assistance to her co-workers here.

James McCorkindale of McDill was examined Monday and committed to the Northern hospital at Winnebago for treatment. Mr. McCorkindale, who is 64 years of age and unmarried, has been living with his sister, Miss Maggie McCorkindale at McDill. He was formerly employed at the Wisconsin River Paper & Pulp Co.'s plant. It is hoped that the treatment he will receive will restore him to his former state of health. He was taken to Winnebago Tuesday.

## SURVEY IS COMPLETED

Compilation of Reports Submitted to County Superintendent Show Interesting Facts

Some interesting facts and statistics relative to the schools and farming communities of the county are revealed in a detailed survey, the first of its kind ever attempted, which has just been completed by the teachers and students in the rural schools under the general direction of County Superintendent Frances C. Bannach. The city of Stevens Point is not included in the survey.

The survey shows, among other things, that Portage county has 3,188 farms, 288 of which are in charge of renters. There are in the county 777 automobiles, 750 silos, 762 gasoline engines, 96 tractors, 2,360 cream separators, 314 1/2 acres of alfalfa, 67 Babcock testers, 247 farms using milk sheets, 133 farm houses with furnaces, 131 with electric lights, 135 with gas lights, 2,812 pure bred cattle, 8,403 horses, 84,492 chickens, 6,641 pigs, 469 pianos, 499 victrolas and phonographs, 1,359 washing machines run by gasoline engines, 71 homes with hot and cold water, 1,401 windmills, 192 homes with bath rooms, 99 typewriters, 150 clubs and societies, 20 cow testing associations, 3,883 subscribers to newspapers and 3,141 subscribers to monthly magazines.

The major portion of the survey was devoted to the schools themselves as a means of gathering statistics showing their present standard and the improvements needed. Questions pertaining to the sanitary condition of the buildings, to the course of study and methods of teaching and to the community activity of the schools were asked and answered, along with many others, over a hundred in all.

The teachers in some of the districts gave credits to students who assisted in the work, along with their courses in agriculture and geography. All of the twenty-seven districts in the county reported and nearly all of the 152 teachers took an active interest in the survey.

The survey is a good starting point for determining the future conduct of the county school system and should be of invaluable assistance to future county superintendents. It is probable the survey will be made annually from now on.

## POWER OF THE PRESS

The fact that the Liberty Loan was 50% oversubscribed is a remarkable illustration of the power of the press, without the support of which the loan would undoubtedly have been a miserable failure. The American people, as a nation, had not come to an adequate realization that this country was at war; they had read with patriotic admiration the president's great war message and were vaguely conscious that eventually American boys would be sent to the trenches. But they had not caught the real spirit of war—the spirit of self denial and sacrifice for the future well of the nation. It was the press that opened their minds to this and supplied the "punch" that was lacking in the first stages of the campaign.

"The Liberty Loan campaign was essentially one of education, and without the generous and patriotic support of the press of the Nation the hope of those in charge that it would be a popular loan would not have been realized," said W. G. McAdoe, secretary of the treasury. "The untiring efforts of the newspapers throughout the campaign were a constant inspiration to the various other groups of workers. At a time when news space was at a premium the Liberty Loan was featured at length.

"Newspapers and magazines, in their news, editorial, and advertising columns, fought for the success of the loan every step of the way. The foreign-language press, in 36 languages, gave daily proof of the undoubted loyalty of peoples of foreign birth."

## What Corns Are

Corns are hard growths which occur on the toe or some other part of the feet. They are generally the result of wearing a shoe too small for the foot. The Popular Science Monthly. They are thickenings of the outer layer of the skin in the center of which is a nail-like peg which projects downward and hurts when pressed upon. Soft corns form between the toes and are only different from others in that they are soaked with perspiration all the time. The corn itself is composed of a lump of the outer part of the skin which is caused by the pressure of the shoe at that spot. However, the corn would not result unless the pressure were taken off at intervals, and this, of course, is done when you take the shoe off. It stands to reason that if the pressure were continuously applied to this spot the skin instead of overgrowing at that precise point would waste away. The overgrowth of the skin is due to the irritation produced by the pressure.

## Persistence of Custom.

It is a present day custom for the members of the English parliament to bow three times before taking their seats. An American, mystified by this strange custom, inquired the reason for it. He was astonished to find the Englishmen could not tell him. No one seemed to know, not even the men who did the bowing, but after much research the mystery was cleared away. The buildings of parliament had once burned, and the members were quartered for a period in St. Stephen's chapel. Having the altar of the church before them, they made the customary bows to Father, Son and Holy Ghost. When they moved into their present abode they did not take the altar with them, but they kept on bowing nevertheless.—Case and Comment.

## OUR COUNTRY.

Let our object be our country, our whole country and nothing but our country. And by the blessing of God may that country itself become a vast and splendid monument, not of oppression and terror, but of wisdom, of peace and of liberty, upon which the world may gaze with admiration forever.—Daniel Webster.

## NORMAL BUSY PLACE

Organize Literary Society Thursday Evening—Other Functions Are Planned For Session

The enrollment at the state Normal school reached the 311 mark today, or but 13 students less than attended during the summer session of 1916. Although school is well started, it is expected that several others will still enroll.

The Corpus Elite literary society was organized Tuesday evening, under the direction of Profs. James E. Delzell and D. A. Swartz and a program carried out. The following officers were elected for the six weeks term: President, Burton Ambrose; vice-president, William Murphy; secretary, John Ambrose; treasurer, Frank Dietrick and Sergeant, Otto Bacher. The society is a general organization and is composed of both men and women.

A dancing party will be given in the Normal gymnasium on Friday evening of this week between 8 and 10:30 o'clock.

A patriotic program will be carried out on Tuesday morning of next week under the direction of Miss Mary Bronson and the expressive reading class. On Wednesday the students of the school will march in a body as a part of the Fourth of July parade to be carried out.

Seventy-six women have already engaged rooms in Nelson hall for the next school year, practically all of them being new students. The building will accommodate a total of 102, and from present indications the rooms will be practically all engaged before the opening of school.

A new cement sidewalk is to be built leading from Main street to the south entrances of the building, replacing the old asphalt walks. New walks will also be laid on the dormitory grounds and an extension of the walk at the east of the building made, to connect with the Main street walk.

Prof. James E. Delzell will conduct an institute at Neileigh, Neb., during the first week of August.

Pres. John F. Sims leaves the latter part of this week or the first of next week for Portland, Ore., where he will attend a meeting of the National Educational association. He will have charge of the Normal school section of the program. Mr. Sims will also visit other points in the west, to be gone about two weeks.

The fertile plain in which Damascus is situated is about thirty miles in diameter and is due to the river Barada, which is probably the Abana of Scripture. ## TROOPERS LOSE PAY

Local Military Organization Not to Receive Federal Money Until Attendance Increases

Because some members of Stevens Point Cavalry Troop I have failed to be regular in attendance at drill, the pay of the whole troop, including the officers, will not be received for the entire time the company has been recognized, and until after August 1. Word to that effect was received this morning by Captain C. W. Swan from Adjutant-General Holway at Madison.

Less than 50% of the men have been reporting for drill, while the new federal requirement calls for at least 60%. The pay of the privates not in active service is \$50 a year, which amounts to about \$1 a drill. The troop has been meeting on Tuesday and Friday evenings, Tuesday, however, being the regular drill night. The pay of the officers amounts to considerable more than that of the other men. About forty of the men reported for work Tuesday evening.

At Tuesday evening's meeting a preference was expressed in favor of Rev. W. B. Polaczky, formerly of Junction City, now of Pulaski, as regimental chaplain, there being seven candidates for the position. He has been favorably considered for the position for several weeks and it is hoped that his appointment will be made by the federal authorities.

Robert Rose of Oshkosh, a nephew of Captain Swan, who is company clerk of Co. B., Second Regiment, Oshkosh, will arrive in the city tomorrow, to remain one week, during which time he will give instructions to several men who are candidates for the position of clerk of Troop I.

An appropriation for recruiting expenses has already been received and money for incidental expenses is expected to be available within several weeks.

The members of the troop are urged to put forth a personal effort to gain additional members as voluntary enlistment closes all over the United States on June 30. From that time on there will be no choice for men desiring to enlist. They will be subject to the selective draft and placed where the government sees fit.

## B. KONOPACKI DIES

Young Man of This City Passes Away At Midnight Tuesday Following Five Weeks' Illness

Bernard Konopacki, aged 23 years, died at the home of his mother, Mrs. A. Konopacki, 442 Fourth avenue, at midnight Tuesday. Death was caused by paralysis, although the young man had been suffering with rheumatism and typhoid pneumonia. He had been ailing for five and one half weeks, but was only confined to his bed since Monday, when he suffered a paralytic stroke.

The deceased was born in Polonia on Sept. 24, 1894. He came to this city when about twelve years of age, and made his homewith his mother. He is survived by his mother, two brothers, and three sisters, as follows: Frank of this city, Stanley of Port Edwards, Mrs. Nicholas Konopacki of Nekeosha, Mrs. Joseph Zaborowski of this city and Mrs. John Ostrowski of Garfield.

The deceased conducted a photograph gallery in this city for a number of years, being associated in the business with his sister, Mrs. Joseph Zaborowski. He was later employed by the late Leo Stankowski and for the past year and one-half had been in partnership with his brother, Frank Konopacki, at 123 N. Third street, the firm continuing under the name of the Stankowski Studio.

The funeral will probably be held from St. Peter's Catholic church in this city on Friday morning of this week, although no definite arrangements have as yet been made, owing to the absence of Rev. S. A. Elbert from the city.

Moved by Ald. McDonald and seconded this ordinance be adopted. Carried.

Resolution Offered by Alderman Urowski

Whereas, there are no hydrants in that part of Stevens Point bounded by Franklin street on the south; North Second street on the east; the northern city limits on the north, and the Wisconsin river on the west, excepting one hydrant at the corner of West and North streets. And,

Whereas, by reason of the fact that there is only one hydrant in said portion of the city of Stevens Point inadequate fire protection is afforded to that said portion.

Now, Therefore, Be It Resolved that the fire committee of the common council of said city, together with the Chief of the Fire Department, make a thorough investigation as to the most practical manner in which to afford fire protection for said portion of the city of Stevens Point, and further that said committee and the said chief of the fire department confer with the Water company of said

city if necessary, and thereafter to report to the common council the results of their investigation, together with their recommendation.

Frank Urowski,  
Alderman 4th Ward.

Resolution Offered by Alderman Schuweiler

Whereas, the Minneapolis, St. Paul & Sault Ste Marie Railway Company is about to construct a new depot at and south of Wayne street (also called Depot street) and also south of the intersection of Wayne street (also called Depot street) and Division street in the city of Stevens Point, Wisconsin. And

Whereas, the common council of the city of Stevens Point has heretofore vacated part of Division street immediately north of the property owned by the said railway company and further has vacated part of Wayne street (also called Depot street) immediately north of said Soo property, which said part of the street the said railway company is about to use for their purposes in the construction of a new depot and sidewalk around the same. And,

Whereas, the remaining part of Wayne street lying north of said railway property between Division street and Church street is too narrow for street purposes. And,

Whereas, it is desired to cause a park to be laid out and established in the vicinity of the new Minneapolis St. Paul & Sault Ste. Marie Railway company depot. And,

Whereas, the city of Stevens Point has heretofore acquired by purchase for park and street purposes all of block nine (9) of Helms' addition to the city of Stevens Point excepting that part of said block nine (9) lying east of Church street, and further excepting property owned by George A. Sutherland, which said property is particularly described as follows:

Commencing at a distance of 100 feet south from the N. W. corner of block 9 of Helms' addition to the city of Stevens Point; thence south along the east side of Division street 55 feet to the Wisconsin Central railroad right of way; thence easterly along the right of way across lot nine (9) and ten (10) to the east line of lot ten (10) in said block nine (9); thence north along the east line of lots ten (10) and seven (7) from the railway right of way fifty-five (55) feet more or less to lands of Mary C. Shirley; thence west on the south line of the said Mary C. Shirley's land to place of beginning, being parts of lots seven and eight (8), nine (9) and ten (10) in block nine (9) Helms' addition to the city of Stevens Point, Wisconsin.

And further has acquired lands for same purpose known as the Berndt property, also known and described as lots 557 and 560 block number 65 of M. M. Strong's addition to the city of Stevens Point; also lot 558 in block 65 M. M. Strong's addition to the city of Stevens Point and described in Volume 36 page 441 of Mortgages in the office of the register of deeds for Portage county, Wisconsin, so that the street shall include the said Berndt property and extend east to Church street. And

Whereas, in the opinion of the council it is necessary to acquire for the laying out and widening of Wayne street the lands owned by the said George A. Sutherland, which said lands are hereinbefore described.

Now, Therefore, Be It Resolved that it is necessary to condemn the lands owned by said George A. Sutherland as hereinbefore described for street purposes.

Be It Further Resolved that the city attorney be and he is hereby directed to prosecute the proper proceedings for the condemnation and acquisition of said lands for said purposes.

L. P. Schuweiler,  
Alderman 5th Ward.

Moved by Ald. McDonald and seconded same be referred to the street committee. Carried.

Report of city engineer to street committee regarding redressing of Main street from Union street to Division street read. (See page 89 mcls. rec.) Moved by Ald. Firkus and seconded same be accepted and work ordered done. Carried.

The engineer also reported the cost to the city for grading and curb and gutter on Union street. Moved by Ald. Playman and seconded this work be done and the proper officials sign the contract with Harwood & Ottem for the curb and gutter work as per their bid after they have filed their bond. Carried.

The controller's fund report read. (See page 90 mcls. rec.) Moved and seconded same be placed on file. Carried.

Controller's report read. Ald. Urowski stated Mrs. Sharwak had relatives in Milwaukee who would keep her if she would go there, but she refuses to go. It was recommended by the controller and Ald. Urowski that she either go to Milwaukee or be sent to the poor farm. Moved and seconded that the recommendation be adopted. Carried. The case of Mrs. Gosiorowski was discussed and it was moved and seconded that this case be referred to committee on city affairs and the board of health with power to act. Carried. The case of Mrs. Casewski was brought up. Ald. Urowski thought she was entitled to more money and it was moved and seconded that her order be increased from \$8.00 to \$12.00 per month. Carried.

A letter from Mrs. Amelia Kaneski asking for \$330.00 for taking care of her mother-in-law read. Moved and seconded this be placed on file. Carried.

Report of street committee on opening of Meadow street read. (See page 83 mcls. rec.) Moved by Ald. Urowski and seconded that the report be adopted and the city attorney and engineer get deeds from all property owners interested before paying the \$100.00 to Treha and Urbanowski. Carried.

An adjourned meeting of the Common Council held in the council chambers Tuesday evening, June 19, 1917, Mayor Walters presiding. All members present except Aldermen Manthey and Urowski.

The mayor appointed Supervisors Carpenter and Park as members of the Board of Review. Moved and seconded same be confirmed. Carried. Report of Street Committee to the Common Council of the City of Stevens Point, Wis.

To the Mayor and Common Council of the city of Stevens Point, Wisconsin.

Gentlemen:

We, your street committee, to whom was referred the resolutions relating to the condemnation of certain lands owned by George A. Sutherland in the vicinity of the Soo line depot in the city of Stevens Point, which said resolution was introduced and read at the regular meeting of the common council held at the council chambers in said city of Stevens Point on the 6th day of June, 1917, beg leave to report:

1. That the property which is necessary to acquire by condemnation is owned by George A. Sutherland of the city of Stevens Point, Wisconsin, said property being particularly described as follows:

Commencing at a distance of 100 feet south from the N. W. corner of block 9 of Helms' addition to the city of Stevens Point; thence south along the east side of Division street 55 feet to the Wisconsin Central railroad right of way; thence easterly along the right of way across lot nine (9) and ten (10) to the east line of lot ten (10) in said block nine; thence north along the east line of lots ten (10) and seven (7) from the railroad right of way fifty-five (55) feet more or less to lands of Mary C. Shirley; thence west on the south line of said Mary C. Shirley's land to place of beginning, being parts of lots seven (7), eight (8), nine (9) and ten (10) in block nine (9) Helms' addition to the city of Stevens Point, Wisconsin.

(2) That we have caused to be prepared a plat of the street proposed to be made and widened between Church and Elk streets, said street being a widening of Wayne street, also called Depot street. That it is our opinion that said street should be ninety feet in width, extending from Church street to Elk street; that the width of the Sutherland property on Division street is fifty-five feet, which said property will be used as part of the new street. That in addition thereto a strip of land five feet wide immediately north of the Sutherland property and extending from Church street to Elk street, should also be used for street purposes.

The total width of said street would be fifty-five feet of the property to be taken by condemnation proceedings, five of property already acquired by the city of Stevens Point by private purchase, and thirty feet being the width of the remainder of the street lying north of the Soo line right-of-way property, the total width therefore, being ninety feet and extending between the points mentioned above.

(3) We have also caused a plat of the new street as proposed to be laid out to be made by J. F. Maxfield, city engineer, which said plat is submitted herewith.

F. M. Playman  
Alderman  
Alderman Firkus and seconded that the report and plat be accepted. Carried by the following vote: Ayes, Firkus, Lutz, Myers, McDonald, Martin, Port, Playman, Neuwald, Sparks and Schoettel. Noes,

none. Absent, Manthey and Urowski.

## SOCIAL HAPPENINGS of INTEREST

The annual inspection of Crusade Commandery No. 17, Knights Templar, which was held at the Masonic temple last Thursday evening, was attended by about seventy-five knights from outside the city some of whom are members of the local commandery. Grand Commander David Harlow was the distinguished guest, and in his honor a 6:30 banquet was served. The dining hall was attractively decorated. Later in the evening degree work was exemplified.

Miss Gladys Levenseller, a student at the local Normal for two years, graduating with the class of 1914, was married at Marinette last Wednesday, June 20th, to Harry H. Frank, owner of Lac Vieux Desert summer resort near Donaldson, Vilas county. They will be at home there after July 1st. The bride taught at Ashland last year and prior to that was employed at teacher at Phelps, Oneida county. She is a handsome little lady, the possessor of a bright mind and happy disposition. Mr. Frank is surely entitled to congratulations.

The members of the Plover chapter of the Order of the Eastern Star, No. 175, will celebrate the tenth anniversary of their organization this evening, when a 6:30 o'clock banquet will be held at their hall in the village. Families of the members, and officers of the Stevens Point chapter, Arbutus No. 52, who assisted in the organization of the Plover chapter, are among the invited guests. About fourteen Stevens Point ladies will attend. Following the banquet a program will be carried out and the remainder of the evening will be devoted to a social period and initiatory work.

Miss Adelia Schlenvogt and Clayton Stoddard, both of the town of Linwood, were married at the German Lutheran church near Rudolph at 2 o'clock last Wednesday afternoon, Rev. Karl Freytag of this city officiating. The ring service was used, Miss Ella Stoddard acting as ring bearer. The attendants were Miss Ella Schlenvogt, a sister of the bride, and Forest Stoddard, a brother of the groom. The bride was attired in a gown of white silk crepe de chene and wore a wreath and veil immediately following the ceremony a wedding dinner was served at the home of the bride's parents, Mr. and Mrs. August Schlenvogt, covers being laid for about thirty guests. Mr. and Mrs. Stoddard left Sunday for Minneapolis, where the groom is employed.

Henry K. Pratt, a former resident of Plainfield, was married at Duluth last Saturday evening at 7:30 o'clock to Miss Olive M. Kreitter. The ceremony took place at the home of the bride's parents, Mr. and Mrs. J. W. Kreitter, and was performed by Rev. Chas. M. Pace, pastor of an M. E. church in that city. A reception followed, when many friends of the young couple had opportunity to extend their felicitations. Mr. and Mrs. Pratt came to Stevens Point Sunday night and thence to Plainfield next morning, where they are spending the week with his parents, Mr. and Mrs. C. H. Pratt. Henry has been a resident of Duluth several years, where he fills a responsible position with McCabe Bros. Commission Co., a leading concern there. He is a perfect type of young manhood and one whom everybody admires. His bride is a handsome girl and all who have met her are assured that Henry chose wisely in his selection of a life partner.

**Almond Press:** The wedding of Miss Hazel Adams, daughter of Mr. and Mrs. Byron Adams, to Patrick Riley was solemnized at the Lanark parsonage Wednesday, June 20, 1917, at 9 a. m.

The attendants were the Misses Merle and Olivia Adams, sisters of the bride and Geo. L. Helbach and Alfred C. Wauty, friends of the groom. The bride was beautifully attired in a gown of white satin with silk lace and pearl trimmings and carried a shower bouquet of pink and white roses. Miss Merle Adams wore a dress of light blue silk while Miss Olivia was attired in a dress of pink silk.

After the ceremony the wedding party went to the home of the bride's parents, where a four course dinner was served to about sixty-five guests by the Misses Marie Patterson, Irma Taylor and Katherine Cobb under the direction of Mesdames Hugo and Clyde Adams. The color scheme for the decorations, which were very beautiful, was green and white.

Many beautiful and useful gifts, including cut glass, silver, china and linen, were received by the happy couple as tokens of esteem. Mr. and Mrs. Riley left on the evening train for a wedding trip to New London, Appleton, Oshkosh and other parts of the state. They will be at home to their friends on a farm in Lanark after July 15.

Most hearty congratulations are extended by all to this worthy young couple.

Kilday holds a responsible position with an importing house in that city. Merle is a graduate of our High school and of the local Normal, receiving a diploma from the latter institution in 1914. Since then she has been employed as teacher in the city schools, doing steady work at the sixth and fourth ward buildings, and is now an exceptionally capable and efficient one of our best and most girls has entered into a new life and she takes with her to the eastern home the sincere well wishes of all.

Miss Nell Glimes entertained the young ladies who will act as her bridesmaids next Saturday, at dinner at the home of her grandmother, Mrs. Ole Asbjorn, last evening.

E. G. Bach and F. B. Shemanski, who expect soon to step to martial music, and George L. Glennon, who is scheduled to march to martial music on Saturday of this week, were guests of honor at a "stag" party at the Whiting-Plover bungalow at Whiting last Saturday evening. "Mess" was served at 11 o'clock.

Mrs. J. A. Ennor is entertaining a number of lady friends this afternoon at a Kensington party in honor of Mrs. W. H. Coye, who is preparing to move to Grand Rapids, Mich.

Arleigh Elliott, one of the employees of the Wisconsin Telephone Co. here, was married to Miss Mabel Wilder of Coloma at the groom's home town, Owen, last Wednesday morning. Mr. and Mrs. Elliott are already keeping house at 113 1/2 N. Third street, this city.

A wedding that is accorded a place among the most notable that have ever taken place in Stevens Point was solemnized at St. Stephen's Catholic church this morning at 10 o'clock, when nuptial low mass was celebrated by the pastor, Rev. W. J. Rice, for Miss Mary Ramona Pfiffner, daughter of Mr. and Mrs. E. J. Pfiffner of this city, and Joseph T. Gallagher of Milwaukee. A large assemblage of relatives and friends witnessed the ceremony.

Miss Pfiffner was attended by Miss Marguerite Foley of Chicago as maid-of-honor and Miss Marjorie Jean Scott, her cousin, of Milwaukee, as bridesmaid. William J. Bollenbeck of Milwaukee was best man and Edgar LeFever of Fond du Lac, a cousin of the groom, and J. R. and J. M. Pfiffner, brothers of the bride, ushers.

As the bridal party entered the church, preceded by the ribbon stretchers, Margaret Weldon of Racine, a niece of the groom, and Kathleen Clifford, a special choir of mixed voices, directed by Miss Mabelle Shelton, sang Lohengrin's Wedding March. The ushers led the procession to the altar, followed by the bridesmaid and maid-of-honor, in the order named. Miss Pfiffner, on the arm of her father, was met at the sanctuary by the groom and his best man.

The bridal gown was of white satin, trimmed with real lace and pearls, entraine, and she wore a tulle veil trimmed with lace. Her bouquet was a shower of white sweet peas, lilies of the valley and maiden hair ferns. The bridesmaid and maid-of-honor were attired in white net, trimmed with pink, and wore picture hats. The ribbon stretchers were in pink and white.

The choir rendered hymns during the mass, and as a recessional Mendelssohn's Wedding March was played as an organ solo by Miss Shelton. Those in the choir were the Misses Frances von Neupert, Margaret, Dora and Janette Van Hecke and Marjorie Boston and Raymond Pfiffner, Carl Van Hecke, Joseph C. Heil and Ferdinand Hirzy. The church decorations were of pink and white peonies and ferns and provided a beautiful setting for the interesting event.

At 12 o'clock a wedding breakfast was served at the Pfiffner home at 428 Strong's avenue, the decorations in which were in pink and white, peonies and roses being prominent in the scheme. About seventy covers were placed. Those who assisted in serving were the Misses Margaret and Genevieve Love, Marie and Isabel Pfiffner, Bessie Wakefield, Pauline Cassin, Kate Ball, Claire Collins, Frances von Neupert, Dora and Margaret Van Hecke and Marjorie Boston. The Misses Love and Pfiffner are cousins of the bride.

The out of town guests included the following: Mrs. Maria Gallagher, Miss Mary Gallagher, mother and sister of the groom, and Miss Elizabeth Hartnett, Racine; James Meehan, Miss Norah Meehan, grandfather and aunt of the bride, T. J. Knox, Miss Madge Regan, Miss Mae Fahl, Mrs. J. J. Carpenter, cousin of Mrs. E. J. Pfiffner, Milwaukee; Mrs. Harry Atwood, Marshfield, and Mr. and Mrs. J. L. Sturtevant and daughter, Miss Josephine, Wausau.

Mr. and Mrs. Gallagher left this afternoon at 3 o'clock for Chicago and will also visit at other points before going to Milwaukee, where they will be at home after September 1.

The interest that has been manifested in today's charming event is indicative of the warm personal friendship both Mr. Gallagher and his bride enjoy among Stevens Point people, by whom their marriage is regarded as an ideal union. Both are possessed of exceptional native talent, both have had uncommon educational advantages and, withal, both have those qualities of heart that not only make and hold friendships but command respect and admiration.

Mr. Gallagher was born at Ripon but was reared in Racine. He is a graduate of the Racine High school and of the University of Wisconsin law school. For five years after completing his University course he was private secretary to Chief Justice J. B. Winslow of the Wisconsin supreme court, resigning that position in the summer of 1915 to associate himself for the practice of law with J. R. Pfiffner, present district attorney of Portage county, under the firm name of Pfiffner & Gallagher. He remained here ten months, during which his acquaintanceship became city wide and he was prominent in social and musical circles, frequently appearing before Stevens Point audiences as a baritone. From Stevens Point he went to Milwaukee, where he now holds the important position of assistant superintendent of the claim department of the Northwestern Mutual Life Insurance Co.

Perhaps no young lady is better or more favorably known in Stevens Point than Mrs. Gallagher, or Ramona, as her friends know her. She is a life-long resident of this city, a member of a family that has for many years been numbered among the leading families of the county, and a young lady whose personal charms are recognized by all who have had the pleasure of her acquaintance. She graduated from the Stevens Point High school in 1909 and thereafter attended the Academy of Our Lady at Longwood, Ill., for two years, during which she also took up special work at Columbia School of Music, Chicago. During the succeeding two years she was a student in the letters and science department at the University of Wisconsin, and following that spent another year at Columbia. Her genuine friendliness for Stevens Point people is reflected in the sentiments of her countless friends, on this happy occasion.

## DANCY

Don't forget the big Red Cross ball in Topham's hall on Tuesday evening, July 3rd. Music by Cone's Fourth Regiment orchestra of Wausau. Around 100 tickets have already been sold at \$1.00 each. The grand march will be led by Mr. and Mrs. Thos. Altenburg, whose son, O. C. Altenburg, is now serving as seaman on the battleship Alabama. The committees are: On tickets, Floyd E. Williams and Coniff Knoller; on floor, R. W. MacKenzie; on reception, G. J. Altenburg and Miss Evelyn L. Knoller; on refreshments, Sam Lake, Norman Knoller and Elvin Janz; floor manager, Jake Cronk. The affair has been promoted by Mr. and Mrs. Knoller, who kindly ask everybody's co-operation, as the cause is certainly a worthy one. Tickets are now on sale in all the business places in this village. If you don't care to dance, send in your dollar any way and turn your ticket over to some one else. You will feel all the better for it. You know charity is the greatest of all virtues and you will not take many dollars along when you leave this world; so help the boys who are now offering their lives to help us. "Come in."

# MAKE ANNUAL REPORTS

Treasurer and Clerk of School Board  
Submit Statements of Receipts  
and Expenditures for Year

A special meeting of the school board was held in Supt. Snyder's office last Monday evening, eight members answering to roll call. Those present were, Pagel, McDonald, R. A. Cook, Young, Welty, Frymark, Vetter and Todd.

Written resignations were read from Miss Helen Wing, teacher of Latin at the high school, and Miss Margaret Hinkley, who will become a member of Eastern Kentucky Normal at Richmond, Ky. Releases were granted both young ladies.

Besides the awarding of contracts for plumbing and heating work in the Washington and Jefferson schools, as noted elsewhere in this issue, the only other business transacted was the reading of the annual reports of the treasurer and clerk and their reference to the finance committee.

Clerk Welty's report showed receipts during the year beginning June 30, 1916, of \$57,035.28. The balance on hand at the beginning of last year was \$16,213.48, making a total of \$73,248.76. Disbursements amounted to \$53,926.71, leaving a balance in the treasury now of \$19,322.05. An itemized list of disbursements was submitted by Mr. Welty, from which the following figures are taken:

Art department	\$574.91
Board expenses	\$80.00
Commercial department	\$1,865.58
Clerk's salary	150.00
Chm. teach. com. salary	50.00
Census	60.86
Domestic science dept.	1,691.55
School for deaf	1,463.33
Freight and drayage	73.01
Garfield school	2,748.62
Graduation	62.50
Grant school	3,642.69
Gen. repairs and supplies	1,060.27
High school principal	1,400.02
Hygiene department	818.60
Insurance	550.78
High school	8,020.65
Jackson school	1,829.79
Jefferson school	4,354.38
Kindergartens	2,292.29
Library	230.95
Lincoln school	4,344.67
Manual training	1,604.76
Music	854.78
Magazines	55.35
McKinley school	5,503.76
Office	142.62
Printing	62.75
Science department	2,138.64
Superintendent	2,076.00
Stenographer	687.00
Treasurer's salary	75.00
Telephone toll	8.50

Notwithstanding a considerable increase in salaries of teachers and janitors last year, the gross expenditures were only about \$150 more than in 1915-16, a considerable saving being made in the item of repairs and supplies.

## PLAY RAPIDS SUNDAY

The Stevens Point baseball team will play a return game at Grand Rapids Sunday with the city team of that place. Stevens Point won an overtime game from the down river athletes a couple of weeks ago by a score of 1 to 0 and another hard fight is expected on the occasion of their second meeting. Herman Menzel, star catcher of the local team in past seasons, is expected home from Ill., where he has been traveling for a shoe house, and may be included in the lineup. Eagleburger will do the pitching.

## Local News.

Mrs. T. S. Murrish is spending a couple of days visiting friends in Amherst.

Miss Myrtle Newby of Amherst, who had been spending a week in this city as a guest at the home of James Newby, returned to her home yesterday afternoon.

Mrs. H. A. Vedder of Marshfield, who had been spending several days at the home of her parents, Rev. and Mrs. S. M. Wilson, returned to her home yesterday afternoon.

Mrs. William Wampler and daughter, Christiane, are here from Joliet, Ill., for a visit at the home of the former's mother, Mrs. Caroline Schilling, 109 Boyington avenue.

H. N. Warner, who drove up from Plover yesterday, reports that the prospects for potatoes never looked better, while next season's prices are almost sure to bring the farmers good returns for their crops.

Miss Myra Congdon, supervisor of domestic science in one of the Milwaukee city schools, completed another year's work there and returned home last week for the summer vacation.

W. E. Ule, who has been devoting the past ten months to superintending a big job of concrete work for the Dells Paper and Pulp Co. at their Eau Claire mill, came down Monday to visit his family until Friday.

Mrs. John Van Ellis returned to her home in Milwaukee, Monday morning, after having spent a week visiting at the home of Mrs. Jos. Scheffner on West Ellis street and at the Geo. DeClarke home at Arnott. Mrs. Van Ellis lived in Stevens Point a number of years ago.

Stanley Kalke and Joseph J. Kryshak have returned from Milwaukee, where they passed the examination for enlistment in the navy. Paul Mikowski accompanied them to Milwaukee, after passing a preliminary examination here, but was rejected because of a minor physical defect.

Jas. P. Dineen, who recently sold his farm in Stockton and moved to Amherst Junction, was a visitor to this city last Saturday. Mr. Dineen owns a brick building at the Junction which has been used for saloon purposes for several years, which business J. P. will continue after July 1st.

Prin. T. Smith Murrish of the local high school left recently for Chicago to begin his work as manager of one of the companies of the Lincoln Chautauqua of that city. He will continue the work for about two months. The company with which he is affiliated is at present located in southern Michigan.

Geo. N. Danielson of Appleton came over last Saturday and visited until today with W. W. Mitchell's family and among numerous other friends in this city. George graduated a few days ago from the law department of Washington and Lee university, one of the leading educational institutions in the south, and he is taking up the practice of his profession with the well known firm of Roney & Ryan at Appleton.

"Commercial Milwaukee; Year Book of the Merchants and Manufacturers Association" is the title of a handsomely illustrated booklet distributed to local business houses yesterday by F. G. Barnum, a representative of the Association. Arrangements were made early last spring for a special train trip through this section, but because of war conditions the visit was postponed. Mr. Barnum is covering the intended route and distributing several thousand copies of the year book.

## C. S. Orthman transacted business at Chicago Tuesday.

Mrs. M. Cassidy returned home last Thursday from Knowlton, where she had been visiting at the home of Leonard Guenther since the preceding Saturday.

Miss Kathleen Guenther and Mrs. F. C. Odenwalder of Knowlton arrived in the city Tuesday afternoon and are guests at the home of Mr. and Mrs. M. Cassidy, to remain until the end of the week.

Mrs. E. G. Scott arrived in the city the last of the week to visit at the home of her daughter, Mrs. F. O. Hodson, and her sister, Mrs. Ole Ashjeld. She will be here for the Glines-Glendon wedding and Mr. Scott will also come up the last of the week for that event.

The Misses Bertha Fierek and Isabelle LeTourneau were here from Chippewa Falls for an over Sunday visit at the home of the former's parents, Mr. and Mrs. August Fierek, Normal avenue. The trip to this city was made by automobile, the young ladies accompanying a party bound for points further south.

Mrs. Herman Cruiger of North Fond du Lac, a former resident of this city, has the sympathy of many local friends in the death of her mother, Mrs. Chas. Schultz, which occurred at Oshkosh last week, aged 86 years. The now deceased lady made several visits to Stevens Point in past years and met a number of our people. She was a pioneer resident of Oshkosh.

Winfield Bowersock, one of the Stevens Point men at the officers' training camp at Ft. Sheridan, Ill., spent Saturday and Sunday at his home in this city. He has been in training at the federal camp since May 15 and visited here on a two days leave of absence. The training of officers will continue until August 14 at which time it is expected many appointments will be made.

Mr. and Mrs. John Schwartz and little son, who now own a farm between Junction City and Milladore, drove down in their car last Friday to visit friends here and in Plover. Mrs. Schwartz had been a sufferer for years with gallstones, but through a course of treatment prescribed by a New York specialist whom she visited last winter the affliction has almost wholly disappeared.

D. H. Vaughn, who was down from Rhinelander last week to attend the Masonic inspection on Thursday evening and visit numerous relatives and friends in town, was an early day resident of Stevens Point, going north when his present home town was but a hamlet. He reports that Rhinelander is now regarded as "the busiest little city in Wisconsin." Among the recent improvements made there is the erection of a hotel which compares favorably with any in the state.

Dr. and Mrs. S. W. Parowski and two children, Ramona and Stanley, arrived here from Chicago last Saturday night to spend the week with the lady's father, Jos. Glinski, and among numerous other relatives and friends. Mrs. Parowski and the little folks will also go to Rhinelander for a visit of several days, while the doctor plans on spending most of next week at Bear Lake, a delightful resort near Haugen, Barron county, where the big fish are said to be abundant. The annual visits of this family to Stevens Point are a source of great pleasure to all who know them.

## PLOVER

Myra Barnsdale is spending the week at Almond.

Born, Sunday, June 24, to Mr. and Mrs. Walter Moore, a son. Mrs. Lucy Grimm of Arnott visited Monday with Mrs. Alice Washburn. Lyle Washburn and wife visited on Sunday with relatives in Waupaca. Ole Gunderson is confined to his home with blood poisoning in his hand. Mrs. G. D. Whiteside and daughter Mary are visiting in Madison and Beloit.

Mrs. F. H. Bourn and children of St. Paul arrived here Sunday for a visit at the home of her mother, Mrs. Wm. Carley.

The Red Cross association will give a picnic at Rossier's grove in the town of Plover on the Fourth of July, to which they extend a cordial invitation to all to be present.

Mrs. H. A. Marlatt returned Thursday night from a two weeks' visit at Hancock, Westfield and Big Flats. She was accompanied home by Birman and Evelyn Walker of Hancock.

## PLACE FIRE TRUCK

The controversy over the placing of the newly purchased fire truck, which will be delivered in the fall, was ended Monday evening, when the Board of Police & Fire Commissioners and a special council committee held a joint meeting at the city hall. It was voted to place the truck at the North Side station, No. 1, Alderman Schuweiher, who favored the South Side, being the only one to vote in opposition.

## A PATRIOTIC SERVICE

The Baptist Sunday school will have a patriotic service on Sunday morning at 11 o'clock. One special feature will be a drill prepared by Captain Goodsell with several classes of girls. The service will be in charge of the superintendent, Prof. O. W. Neale. The public is cordially invited to this and also to the evening service when the pastor will speak on "Gather Up the Fragments That Remain That Nothing Be Lost."

## RETURNING TO CANADA

Mr. and Mrs. Leroy A. Wight, who came here a month ago from Purple Springs, Alberta, Canada, and visited at the home of his sister Mrs. J. P. Chesley, left on Monday for Marshfield to spend a few days with relatives there. They will also stop at Spring Valley, Pierce county, before again crossing the Canadian line. It will be remembered that Mr. Wight suffered a stroke of paralysis on the train just before reaching this city, but he has now largely recovered from its effects and hopes to soon regain the full use of his left side. Although Leroy has nearly reached the age of four score, yet it is hoped he will remain in the land of the living for many more years.

## GETS MOUNTAIN TROPHY

A beautiful mountain lion rug, made from the pelt of a huge animal killed in the Bitter Root Mountains of Colorado, has been received by Judge B. B. Park of this city from William S. Mulholon of Englewood, Colorado. Mr. Mulholon is a former resident of Knowlton, Marathon county, and has a large personal acquaintance in Stevens Point. He was an old time woodsman and cruiser, but has lived in Colorado about ten years.

"Why, to point a moral."  
"But I don't see how a man who told such whoppers as he did could claim to have anything moral about him."

## COLORED STUDENTS ENTERTAIN

A musical treat was given a large audience at the Presbyterian church last Wednesday evening by the Utica Institute Singers from the Utica Normal and Industrial Institute of Mississippi, an institution for the training of colored young men and women. A really high class program was rendered, with the rough edges so common to traveling colored troupes, eliminated. The students—four young men and two young women—were accompanied here by William H. Holtzclaw, principal of the school, who gave an address dealing with the history of the school, its aims and accomplishments. A collection was taken up for the benefit of the school.

## BOARD BUYS FURNACES

New Heating Systems for Washington and Jefferson School Buildings to be installed at Once

The Board of Education met in special session for a few minutes last Monday evening when contracts amounting to nearly \$9,000 were awarded. The first was for the plumbing, sewerage and water piping in the Washington school building on Clark street, first ward, when J. B. Sullivan & Co.'s bid of \$1,676 was accepted. Finch Bros. offered to do this job for \$1,832.

These concerns were also deemed the lowest bidders for new heating plants in the Washington and Jefferson schools, this latter school being located on Jefferson street and was formerly known as the Fifth ward building. The vacuum system of heating was chosen by a special committee appointed to investigate the several proposals, which recommended that Finch Bros. be given the Jefferson contract at \$3,939 and that Sullivan & Co. furnish a new plant for the Washington building at their agreed price of \$3,147.

The old, worn out furnaces have been removed and it is expected that the new material will arrive here early next week. All work will be completed before the schools reopen in September.

## MRS. BRADFORD HONORED

Mrs. Mary D. Bradford, a former member of the Stevens Point Normal faculty and ex-president of the Wisconsin teachers' association, was awarded the honorary degree of master of arts at the annual commencement exercises of the University of Wisconsin last Wednesday. Mrs. Bradford is now superintendent of schools at Kenosha, where she has made a remarkable record as an executive.

## BECK IS SUPERSCEDED

Joseph D. Beck, who is remembered by many Stevens Pointers as a former student at the local Normal, from which he graduated in 1897, will retire as a member of the state industrial commission after July 1. Governor Philipp having appointed ex-Congressman Konop of Green Bay in his place. Among the other new appointments is that of Fred W. Rogers of Milwaukee as a member of the state board of normal regents to succeed Theodore Kronshage, who is now president of that body. Duncan McGregor of Plattville was reappointed regent.

## A DOUBLE TRAGEDY

Elmer Carver, Former Stockton Resident, Perishes With Wife in Burning of Home

Trapped in their burning home near Portland, Ore., Elmer Carver, a former resident of the town of Stockton, and his wife were cremated early this month. News of the tragedy was received by Mrs. Charles H. Curtis of this city, who was also informed that Mr. Carver's mother, Mrs. Minerva Carver, of Stockton, who was visiting her son at the time, is in a serious condition as a result of the shock.

The house was burning fiercely when Mrs. Carver rushed in to save some valuable belongings. Mr. Carver, aware of the danger, followed her. The bodies were found only a short distance inside the door.

There are three surviving children, and Mr. Carver, besides his mother, leaves eight brothers and sisters. Mrs. Earl Boslee, Mrs. William Marquette and Charles and Myron Carver of Portland, Judd, George and Verne Carver of Wausau and Mrs. Frank Gibbs of Stockton.

Mr. Carver was born and raised in Stockton and went west some twenty years ago. His wife was from the west.

## BEERS GROW SHORTER

Beer is likely to become a "rich man's drink" if the wholesale price keeps on soaring. As a result of the recent advances made by the breweries, the saloonkeepers have been forced to adopt one of two alternatives, to raise the price or cut down the size. In Stevens Point the price is still a nickel, but the "scoops" have assumed war-time proportions.

## NO SLACKERS IN COUNTY

The fact that no arrests have been made in Portage county for failure to register for military service is attributed to the patriotic spirit of the men of military age rather than to lack of vigilance on the part of the sheriff's department. A dozen or more men suspected of attempting to evade the law have been questioned, but so far each of them has been able to produce a registration certificate.

## PICNIC WAS WINNER

The annual picnic of the Portage and Waupaca Counties Gormey Breeders' association, held at Waupaca last Wednesday, was a complete success despite threatening weather that morning. A splendid program was carried out, including cattle judging contests, addresses by R. R. Strehlow of Waupaca, L. E. Gordon of Nelsonville, president of the association, Gavin McKerron of Pewaukee, a representative of the American Guernsey Cattle club of Peterboro, N. H., and Attorney J. C. Hart of Waupaca.

## SOCIAL AT ARNOTT

An ice cream social for the benefit of the Red Cross will be given at Arnot's by the local branch, Friday evening, June 29th, at 7:30. A musical recital will be rendered by Miss Virginia Carley and readings by Miss Elizabeth Kimball. Everybody is cordially invited.

## ROSHOLT PIONEER DIES

Jens Rasmussen, Rosholt's oldest resident, died at his home there on June 16 at the age of 81. Mr. Rasmussen, a native of Denmark, came to this country in 1867, settling at Rosholt. There he cleared a farm and later built a dam and grist mill. Four years ago Mr. Rasmussen suffered a paralytic stroke, from which he never recovered. He leaves one daughter, Mrs. Ole Daabu, and a sister, Mrs. N. Rasmussen, both of Rosholt.

## G. W. ALTENBURG DIES

Resident of County for Many Years  
Passes Away at Weyauwega Sunday

George W. Altenburg, for many years a resident of Plover, died at the Waupaca County hospital at Weyauwega Sunday evening, death being caused by heart failure and old age. Although he was advanced in years, having passed his ninety-second birthday, his general health had been of the best and news of his death was unexpected.

The deceased was born in the state of New York on October 16, 1834. Much of his early childhood was spent in the state of California, but at the age of 18 he came to Wisconsin, settling at Plover, where he resided for about sixty years. For the past two years he had been a patient at the Waupaca County hospital at Weyauwega.

Mr. Altenburg is survived by one sister, Mrs. Elizabeth Jefferson of Buffalo, N. Y., and by one son, Edward Altenburg of Plover, and three daughters as follows: Mrs. Anna Howe and Mrs. James Coulthurst of Plover and Mrs. Katherine Dake of Brokaw.

Mrs. James Coulthurst went to Weyauwega Tuesday morning and accompanied the body to this city in the afternoon. The funeral was held from the Coulthurst home in Plover this afternoon, Rev. James Blake of this city officiating. The remains were laid to rest in the Plover cemetery.

Mrs. William Brockman of Wausau and Mrs. Katherine Dake of Brokaw attended the funeral.

## KENOSHA WAS HOSPITABLE

Hospitality was the keynote of the reception accorded the members of the G. A. R. and the W. R. C. at the annual encampment of the department of Wisconsin, held at that city last Tuesday, Wednesday and Thursday. The city was decorated from center to circumference, automobile tours and other entertainment features were provided, and even the hotel rates were put down to the lowest notch possible considering the present cost of foodstuffs. J. A. Bremmer, E. M. Copps, Mrs. Anna Clark, and Mrs. G. W. Miller were the Stevens Point residents who attended the gathering, and Mr. Copps was elected a department delegate to the national encampment of the G. A. R., to be held at Boston. W. A. Wyse of Reedsburg was chosen department commander, Charles E. Likes of Kenosha senior vice, and C. L. Brink of Hartford junior vice. The G. A. R. passed resolutions instructing the quartermaster to invest \$2,800 of treasury funds in Liberty Bonds. For years it has been the custom of the W. R. C. to make an annual donation of \$500 to the G. A. R., but this year the sum was cut to \$200 and the balance given to the Red Cross. The G. A. R. in turn invested the \$200 in Liberty Bonds.

## THIRTY YEARS AGO

Three Decades Have Passed Since the Water Works Were Completed in This City

It may be interesting in years to come to turn back and see when the water company first threw a stream sufficient to extinguish a fire. It was on Saturday, July 7, 1888—thirty years ago next week, John E. Brinker drove the hose cart and left one length of hose at the corner of Franklin and First streets, in the Fourth ward, and another at the corner of Franklin and West streets.

The crew who managed the hose at the first mentioned corner included H. W. Lee, Warren Bronson and L. E. Norstrand; at the latter place, Chas. A. Hamacker, John F. Shea and Jas. Murphy. All other members of engine company No. 1 were also there. They had on seventy-five pounds of steam at the works and with this light pressure threw a very strong stream, in fact all it was thought the hose would do. The mayor, several aldermen and a few spectators were present and were well pleased with the work.

## Evident Importance

"Does your wife attach much importance to you?" inquired the intrusive relative. "Uh yes," replied Mr. Meekton. "Henrietta realizes that a man she would consent to marry must necessarily be important."

## NEW SECRETARY CHOSEN

Central Wisconsin Fair Circuit Also Pays Tribute to Late William A. Gething

R. R. Williams of Marshfield was chosen secretary of the Central Wisconsin Fair Circuit to succeed the late William A. Gething of Stevens Point, at a meeting at Marshfield last Friday, when A. E. Bourn and Paul Hussin of this city were present. The meeting also passed the following resolution:

"Resolved, That whereas death has taken our loved friend and admired and esteemed secretary, W. A. Gething, this association feels the irreparable loss of a helpful and unselfish associate and advisor, and an energetic and efficient officer, a founder and mainstay of our circuit. His honesty, frankness and unflinching insight into the business and aims of the circuit placed him as the dean of our association, a man without a peer in the class of entertainment to which our circuit is devoted. And we desire hereby to convey to the bereaved wife and family our heartfelt sympathy."

The Marshfield fair, which will be held August 21, 22, 23 and 24, will be the first in the circuit. The others will follow in the following order: Wausau, Stevens Point, Stanley, Chippewa Falls, La Crosse.

A meeting of the directors of the local association was held Monday evening, when the speed program was talked over but not definitely decided. Other details were also discussed and the secretary, A. E. Bourn, instructed to make arrangements for printing 5,000 premium lists.

## MACNISH TEAM ACTIVE

In a base ball game played at Plover last Sunday, the village team defeated the Macnish team of this city by a score of 10 to 4. The local team, which had not played together before Sunday was in the lead up to the sixth inning, the score being 1 to 0 until that time. The Plover aggregation haven't lost a game this season, last Sunday's game being their fifth victory. The Macnish team will clash with the Junction City team at that village on July Fourth and also has games scheduled with Nelsonville and Knowlton.

## AGENT J. M. COYNER BUSY

County Agricultural Agent J. M. Coyner will give a potato spraying demonstration at Fancher tomorrow morning at nine o'clock. Two new solutions, arsenite of zinc and bordeaux zinc, for killing potato bugs, will be sprayed upon the potato plants in a field there and later reports will be made of the success of the treatment. Mr. Coyner will also deliver an address on silos, with a view toward encouraging their construction. A movement is on foot in Wisconsin this week along this line, and farmers throughout the state are being urged to construct silos.

## RETURNS FROM THE EAST

Miss Ruth Cate returned home last Wednesday from a trip of several weeks to Toronto, Boston and New York, the greater portion of her time being spent in the last named city with her sister, Mrs. G. M. Dahl. While in New York Miss Cate had the pleasure of meeting Rev. Edgar Morris Thompson, who was formerly rector of Church of the Intercession here and is now rector of a large Episcopal church in Brooklyn. The trip to Boston was made in the Dahl limousine from New York, Mrs. Dahl accompanying her. At Boston the ladies visited their cousin, Garth Cate, who is prominently connected with a publishing house producing Christian Science publications, and also renewed acquaintances with Rev. A. G. E. Jenner, who was formerly in charge of the local Episcopal parish and is now similarly engaged in Boston.

## OFFERS LAND TO U. S.

An offer to donate the use of a tract of land in the Portage County Drainage District, near Coddington, has been made by the Bradley Potechnic Institute of Peoria, Ill., to the federal government, with the suggestion that it be utilized as an emergency food camp for the cultivation of root crops. The national Defense Council referred the matter to the State Council and the State Council to the County Council. Last Friday G. L. Park, chairman of the County Council, J. M. Coyner, county agricultural agent, and W. E. Atwell, representing the Bradley interests, inspected the land and reported that it is well adapted for the use mentioned.

## PUPILS ENTERTAIN

The pupils of St. Joseph's school demonstrated their ability to interest an audience last Sunday, when they put on two entertainments in the church basement hall. A very fine program of songs, declamations, dialogues and drills was given in the afternoon at 2:30 o'clock and was repeated in the evening at 7:30. About five hundred people were present at the two entertainments, the gross receipts amounting to \$123.50.

The pupils were coached by the Sisters of the school and made a very creditable showing. The entertainment was the closing feature of the school year.

## ROB STOCKTON STORE

Establishment of A. W. Breitenstein  
Burglarized Friday Night—  
Loss is \$400

The warehouse of Anton W. Breitenstein at Stockton was burglarized some time last Friday night or early Saturday morning and five automobile casings, 175 pounds of white lead and 300 pounds of paris green stolen. The value of the stolen merchandise is \$400.

Entrance to the building was gained through the front door, probably with a skeleton key. The burglary is thought to have been the work of one or more men as a part of the white lead stolen was contained in a receptacle holding 100 pounds, which boys would be unlikely to carry off. It is also believed that the men came in a car, which they used to carry away the stolen articles.

The Stockton post office which is located in the same building, was undisturbed, although a till in that room contained a sum of money. As far as known no other merchandise was stolen, the store showing no signs of being further ransacked.

The Breitenstein home is located about a block from the store, although Ray Gibbs lives directly across from the building. The burglary, however, was not discovered until Saturday morning, when the store was opened.

The so called brier of which pipes are made is laurel root.

# EXPLOSION BURNS BOY

Foster Owen Severely Injured Sunday in Yard of Home—Cause of Accident Unknown

An explosion which occurred in the yard of W. F. Owen, 723 Lulu street, shortly after nine o'clock Sunday evening, painfully burned Foster Owen, aged thirteen years, and caused considerable excitement among residents of that part of the city. Every effort to determine the cause of the explosion has proved fruitless. The right hand of the injured boy was severely burned, his hair and eyebrows singed and his limbs and one foot injured and bruised by the queer accident, but as to how these injuries were inflicted little can be ascertained.

Foster was engaged in bringing several armfuls of wood into the house from a pile near a west door when the accident occurred. The explosion was so violent that it was heard by persons several blocks away and the brilliant reflection was seen in windows of houses more than a block distant.

Mrs. Owen, who was in the house at the time, believing that the noise had occurred in the street, went to the front door when she heard her son calling for help. Upon going out into the yard she found the boy lying on the ground, apparently stunned by the noise and by fright. She assisted him into the house and called a physician who dressed the wounds.

Upon being questioned, the lad stated that his only recollection before the explosion was of his foot striking some obstacle. He could, of course, give no description of the object, and as to what it might possibly have been is now left entirely to conjecture. The explosion then occurred, burning and bruising the boy and throwing him upon the ground.

The yard adjacent to the place of the accident was searched Monday morning, but the earth showed no signs of being torn up. Several men who examined the ground have been unable to even propose a possible theory as to the cause of the explosion.

The attending physician stated that the wounds inflicted were probably caused by powder. Open sores were discovered Monday on Foster's hands and shoulder. His shirt, which would presumably act as a means of protection for his body, was in no way damaged, however, suggesting that the wounds might have been caused by flying pieces of metal of some kind.

## STONE HITS WINDOW

Some unknown person or persons threw a stone against one of the large plate glass windows in the Goldberg second hand store on Clark street sometime Sunday night. A small hole is chipped in the glass and the window is cracked a considerable distance from where the stone struck. Mr. Goldberg discovered the cracked pane early Monday morning and also found a small stone upon the sidewalk, the one probably thrown against the window. The glass is valued at about \$75. The damage is presumed to have been caused by a boy or boys.
